

DWAYNE LOGIE

Logie was the first guardian (owner) of Mother by the guardianship mafia for both person and estate. Logie was friends of jaskowiak. Logie was picked on August 6 2021 after Mother was declared "incapacitated" by weilheimer. Logie was picked by corrupt judge weilheimer and jaskowiak, Mother's assigned lawyer by weilheimer. On August 25 2021, logie told me a "care manager" deb klock wanted to meet Mother at Mother's home and he did not want me to be there. Klock has a well known history of over drugging and stealing from her "clients" (victims). But, I stayed with Mother anyway because I had seen how corrupt Mother's guardianship was. About 12pm, logie shows up. When I answered the door, 2 local cops pulled me outside and held me for the 30 minutes or so logie was there. I kept asking them what was going on, but the cops refused to answer me. About 5 minutes later, jsh showed up with a small suitcase for a few of Mother's clothes. Logie's "plan" (see logie's invoice) was to kidnap Mother, put her in jsh's house and evict me so the mafia could do what is done nationwide in corrupt guardianships: sell the victim's house extremely cheap to a friend then resell it at full value and keep the profit. I soon saw a tow truck come and take Mother's car away. After about 10 minutes, I heard Mother screaming and crying saying: "I don't want to go, I don't want to go". About 5 minutes after that, logie came out and the 2 cops let me go. I kept asking logie what was going on. He simply said Mother was going to live at jsh's house. That night I got an email from jsh who told me I could not call Mother or come to see her. Jsh said if I came to her house, she would have the police arrest me. I called the PA state police to do a wellness check on Mother. The cop said he saw Mother in the window and she looked alright. WTF? Jsh could have had a knife next to her. The next night I called the PA state police again for another wellness check. But, the dispatcher said she knew who I was and Mother was fine. Without seeing her? WTF? About 2 days after Mother was kidnapped, weilheimer gave an order that if I called for another wellness check for Mother, she would hold me in contempt of court and possible prison. For loving my Mother and caring about her after what happened to her at her age of 96? WTF? That same day (Friday), Mother's remarks were later repeated after Mother was dropped off by jsh for her last hairdressing appointment with Mother's weekly hairdresser of 16 years who told me Mother was shaking and crying for the hour saying: "I want to go home, I want to go home." Jsh kept Mother drugged in her home so Mother could not leave. Jsh was a barbaric and inhumane animal for doing that to her own Mother. Jsh would soon do much more and worse.

Jaskowiak only saw Mother twice in her pig pen after she was falsely accused of being "incapacitated" by the quack psychologist ledakis and his made up, never independently proven accurate tests and "evaluation". But, jaskowiak was always responding to petitions and filing petitions on behalf of Mother. In Pennsylvania, there are Rules of Conduct for lawyers. A lawyer must do what his client wants or he must quit. Jaskowiak did not see or talk to Mother, but was making decisions as if he did not have to talk to her. For example, Jaskowiak and fenstermacher evicted me from Mother's house without asking her, even though Mother put it in writing she always wanted me to live there and the law says she can make decisions about her property, even as a AIP. Jaskowiak also put me in prison many times and made money doing it without asking Mother if she wanted me in prison, where men can be raped or murdered. Is that what a lawyer does to his client? Weilheimer had issued an order very early in Mother's so-called "guardianship" that I could not discuss any matters with Mother, thus the mafia kept Mother totally ignorant of what was going on and denying Mother her rights in guardianship to make decisions for herself and to object to what others were doing to her and me. Logie was friends of jaskowiak. When logie was hired he claimed he had 13 other "clients" (victims) like Mother. Did logie steal from them and ignore their welfare as he did with Mother? After being hired, logie hired a lawyer, Diane Zabowski, as his lawyer. Why? There was no litigation that he needed any lawyer to speak for him. Logie charged all of those massive legal fees to Mother. Every time jaskowiak

(lawyer) talked to zabowski, he also billed Mother. Later, every time any of the lawyers hired by the other guardians talked to jaskowiak, zabowski, bill blumer and his lawyer friends at blumer's law firm talked to the others, THEY all charged Mother. Mother was just one huge feeding trough for all of the money hungry pigs. Logie also hired a "care manager" for Mother, deb klock. Why? Logie was the guardian of person and it was his obligation to take care of any needs or wants of Mother. Logie NEVER did. Klock never talked or contacted me, even when I left her messages. How can klock, logie or any future guardians take care of Mother at 96 and not want to know everything about Mother, her wants, needs, likes and dislikes from the ONLY person who was with Mother every day for many, many years: ME.

The fact is, any costs to logie in his business, were HIS to pay from the profits of his business. The same fact goes for all of the other people and lawyers hired by the guardians. Logie even got himself a debit card from the business who had been investing Mother's money for 20 years. How much and what did logie steal using that card? Klock has a well known history of over drugging and stealing from her "clients" (victims). Logie totally ignored the medical needs and doctor's appointments of Mother, who Mother trusted and had known for many years. Logie always tried to ignore those medical needs as much as possible. Any medical need were only if it was an emergency. Mother's very swollen legs, after Mother had been in her cage for about a month, I was the only one who demanded they be treated, not logie/mafia.

Weilheimer picked logie to be both guardians so there would not be any challenge, no checks and balances to any invoices of the mafia. That is corruption. Jaskowiak was quickly assigned by weilheimer after jsh (sister) filed her petition for guardianship only 2 days after Mother's 96th birthday on May 18 2021. Jsh soon dropped out to be guardian of person and estate to Mother after I revealed to jsh's lawyer, camp, that I had proof that jsh and the later guardian of estate, fenstermacher, both had been working together to try to steal money from Mother several times and also tried to take control of Mother as a person and Mother's assets after my Mother's husband (my father) died in 2013. I stopped their money grabbing attempts. Mother fired fenstermacher after I informed Mother of those attempts and after a major law firm in Souderton reviewed documents of fenstermacher and found he had many, many errors in them. Fenstermacher had been assigned to be both Executor and trustee for Mother about 20 years earlier. Mother died on July 2 2024. Fenstermacher was also my trustee when Mother died. Fenstermacher has been doing many favors for jsh after Mother died, but denied Arthur the same. Mother was allowed to pick her own lawyer, by law, at the beginning of this guardianship scam on her because she had the assets to pay for one. But, weilheimer and jaskowiak refused to let her do so. The mafia wanted total control over Mother, NO outsiders messing up their scam. Weilheimer/jaskowiak refused to let Mother come to court to speak for herself because weilheimer/jaskowik claimed being in court would upset Mother. BS! Mother was a perfectly normal person, mentally and physically and still driving her car safely at age 96.

Just after being hired, logie began his ownership of Mother as a dictator, especially at me. Logie/jaskowiak/weilheimer and the rest of the mafia used 1 hour visit restrictions to me and denying visits (especially on special days during the year) to me with Mother as a ongoing punishment because I was not one of the mafia and was constantly exposing their guardianship corruption, at Mother's physical, mental and financial expense. For the 3 years Mother was their prisoner, I protested outside the court house with signs with the mafia's name on it, I was on a weekly, nationwide radio show exposing the mafia and I had a huge news website exposing their scam on Mother and others nationwide. Mother was not happy at all being kept there as a prisoner and away from the happy life she had been living. Who would be? Logie and the mafia loved jsh because she was one of them and went along with their scam of stealing Mother's money and dumping Mother into a locked in section at a low rated nursing home with people with mental and behavior problems. Logie/jsh/mafia kept Mother in a tiny room, in a solitary confinement, old furniture, stained and missing sheets, in a sensory deprived environment, no phone, no visitors, no newspapers or magazines, not

allowed to ever see her huge home and her much loved possessions. Why? Is THAT what guardianship of a person and estate is supposed to be for the victim, but the mafia lives like rich people from the money of their prey?

POW's have more privileges than Mother had. Why? Prisoners in prison for all types of crimes have more privileges than Mother had. Why? The mafia charged Mother about \$90,000 a year for her locked in cage, compared to the court accepted cost of Mother living in her 3 bedroom, 3 bath home, in a gated community for only \$16,500 a year. From August 25 2021 to when Mother finally died on July 2 2024, Mother was forced to live like a mouse in a cage by the mafia.

Mother was killed by morphine by the mafia in a extremely slow, painful, barbaric and inhumane way by dehydration and starvation. Mother was denied the hospice and the dignity of having her last wishes fulfilled, mainly to die at home with her much loved possessions and with me there with her.

Logie always acted as a person who owned Mother, his way was the only way and I had no importance to him. Mother had always made it clear to everyone that she only trusted me and relied on me to make sure matters were always taken care of. Logie totally ignored federal, state laws (ADA, Olmsted) for Mother as a AIP (alleged incapacitated persons) and the rules of guardians for the AIP.

From August 25 2021 when Mother was kidnapped from her house by jsh and logie to July 2 2024 when Mother was reborn, out of a possible 16 hours per day (8 hours for sleeping) Mother and I could have been together, out of a possible 24,700 hours together, logie, jsh and the rest of the guardianship mafia only allowed us 224 hours. Many of them were being watched by pam blumer's (guardian of person after logie) paid liars (monitors) who sat with Mother and I during our few 1 hour visits. Those paid liars were told by the mafia to write lies about Mother and I to be used to restrict my visits with Mother.

Is that what a guardianship is supposed to be? How many "clients" (victims) did logie own and what disgusting and barbaric things did he do to them?

TABLE OF CONTENTS

1. August 6 2021 weilheimer order declaring Mother is now a prisoner of the mafia. She denied me to be a guardian, which I was asked at the very last minute by the mafia then denied claiming I was not fit to be Mother's guardian. None of them asked Mother what SHE wanted.
2. August 11 2021 weilheimer made logie Mother's new slave owner.
3. Logie's bio and his other documents.
4. Some of logies many wasted hours for his "plan" to kidnap Mother and keep her in a cage to bleed of Mother's assets for the Mafia.
5. One of my many emails to and from logie that he usually never responded to.
6. Logie wanted klock to "meet" with Mother alone without me. That was only a li by logie to be able to kidnap Mother without me stopping him.
7. Logie thinks he has type of power for me to tell him about any guns I had. WTF?
8. Emails to and from logie.
9. Logie telling me what happened to Mother and where she will be living. Neither logie or jsh ever discussed such a inhumane "plan" by them. Why?
10. I asked logie many questions, but he always refused to answer them with any truth. He thinks he did not have to answer to anyone for anything.
11. More questions by me but no answers by him. Liars do not want to give answers.
12. He tells me he hired zabowski as his lawyer. Why? He cannot speak for himself? What was he always afraid of information being revealed?
13. Logie changed the locks on Mother's house. He was hoping I would lock myself out and have to move away.
14. There was going to be a court conference. I made a list of points why Mother must come home and logie fired.
15. Email I sent logie a month after Mother was dumped into her cage by logie, jsh, mafia telling him about Mother's swollen and painful legs that the mafia did not know/care about, trash in mother's room not being collected, no phone in her room.
16. Me telling logie I paid for Mother's new glasses because nobody else did and she needed glasses to see.
17. logie telling me the so-called house doctor at the pig pen says mother should keep her feet elevate, cream on them and wear special socks. BS! Mother never had any such condition. She was being denied exercise as she had at home. The mafia would soon claim I caused her swollen legs because of the food I was bringing Mother for our few lunches together. The mafia would use that lie to deny mother the food she liked to eat. Mother had no diet restrictions and no food allergys. What kind of food was the pig pen feeding her was not fresh and home cooked like Mother had at home.
18. Another email of my questions that logie refused to answer. Is guardianship information supposed to be a secret from the loved ones?
19. No response from logie.
20. Another email from me, still no answers from logie or his lawyer zabowski.
21. Still no answers from logie.
22. Logie refused to tell me the truth: Mother passed out at jsh house, where jsh had kept her prisoner after logie and jsh kidnapped Mother from Mother's house and Mother was being starved by sister. Logie tried

to claim it was a hot day and Mother fainted from dehydration, but the temperature was only about 80 that day. But, hospital records showed Mother was suffering from starvation and was confined to bed for 6 weeks. Mother had daily blood tests (42 times) and her arms were black and blue from them. Mother had to have daily needles in the stomach (42 times) to prevent blood clots. At week 5, she got covid in the hospital where she could have died. Later, Mother would get covid again at the pig pen and influenza.

23. Still no answers from logie to my many questions I have been asking him.
24. Still no answers from logie.
25. All the things the pig pen were supposed to do for Mother for her legs, they never did. Logie kept trying to make it seem he was doing a great job. He was only a typical crook.
26. Logie not answering my questions.
27. Timeline of Mother's leg problems and what I did.
28. Neither logie or zabowski would answer my questions on anything.
29. Logie refused to take Mother to any of her regular doctors. It was much easier for him to have a unqualified, semi retired doctor of the pig pen "evaluate" mother.
30. Me telling logie he made mistakes on his inventory of Mother's assets, including leaving me off of it and my asking what klock is doing for Mother.
31. Logie seems to be checking the contents of every bag I leave Mother. Why? I always brought her gifts, newspapers, magazines, etc. for her pleasure and to make her happy.
32. still no answers from him or zabowski. Why?
33. Logie letting me call my 96 year old Mother at the pig pen. Why do I need permission to call my Mother?
34. Email to logie. Her legs are still swollen and sore. I want to know from him about visit on Christmas since jsh will also be there. Why are things so complicated when they were not BEFORE guardianship?
35. Still non answers from logie. He seems to think he has something great by letting me see my Mother on Christmas. Why shouldn't I see her ALL the time like before guardianship scam started by the mafia?
36. Logie seems to think I work for him by telling me what he wants done. I was the one who always took care of house maintainence for Mother for years.
37. I say it all here. Only one hour on Christmas to a 96 year old Mother? How disgusting!
38. Still no answers from logie to my questions, not paid back for the glasses I bought Mother.
39. More problems logie has not solved as Mother's guardian of person and estate, including medical issues.
- 40 Many questions I ask logie that he will not answer. Why?
41. I want to know why logie refuses to put a phone in Mother's room to talk to people or call for help if she needs it if she falls, heart attack, etc. The staff is never at their desk to hear Mother call for help if she needs it. After Mother was kidnapped, logie canceled Mother's medical alert necklace. Mother was 96 and she might need it to save her life.
42. When logie had Mother's car towed away, there was a oriental rug in the car and other items, some of them belonged to me. Logie never returned anything. He probably threw them out because he could not get money for them.
43. Zabowski's reply, with insults at me, to my petition to get rid of logie. Weilheimer refused to get rid of logie because he was part of the mafia.
44. Logie telling me I have to miss one of my then 3x a week, 1 hour visits with Mother because she has a doctor appointment. Why couldn't I see her at a different time that day? More punishment by the mafia.
45. Another visit that logie wanted me to change.
46. Logie refused to answer a simple question by my lawyer and my lawyer could only talk to zabowski. Why? There was no lawsuit going on.
47. Even my lawyer was pissed that Mother had serious problems with her legs and they were not being

taken care of.

48. Logie cared about me existing only when he wanted his job to be easier.
49. Response from my then lawyer, Meitner, who said all mail had already been forwarded to him (logie). It was jsh who demanded from Mother that she (jsh) do the taxes after Mother had fired her accountant (breon) of about 20 years and Mother wanted my CPA to do her taxes. Jsh kept bitching to Mother and finally she let jsh do her taxes. BUT, it turned out jsh never did Mother's taxes. She simply gave them to breon. Jsh was trying to learn as much as possible about Mother's assets and income that she would later want to use for herself.
50. More lies by logie about me. Jsh had the private email portal to Mother's primary doctor of 21 years, Kuhar, and jsh knew everything about Mother's health.
51. Why would so called guardian logie want to keep Mother locked up in her tiny pig, after she got covid in the hospital and was being treated for starvation caused by jsh and kept confined to bed for 6 weeks, in a low rated nursing home that had been shut down for months because of a major covid shutdown, when Mother could stay safe and be happy living back in her much loved, large home of 21 years and with her much loved possessions? According to studies, about 39% of people who died from covid, died in nursing homes. Mother's nursing home was extremely unsanitary and it had many covid and influenza outbreaks. Dying from either is a very slow and painful death, like drowning.
52. Logie was never a guardian of Mother, only a greedy, money obsessed criminal who used people like they were HIS private bank accounts.
53. Logie's inventory report of Mother's finances. He deliberately left my name off of it for what reason?
54. My petition to remove logie as guardian. The mafia refused to fire him for obvious gross incompetence to a human being and ignoring the federal and state laws and also the various rights a AIP has in their guardianship that Mother had. The mafia deliberately kept her ignorant of her rights so Mother would not use them to get rid of the mafia, including logie and jaskowiak who sold Mother out for his and the mafia's financial benefit of Mother's assets.
55. I asked every member of the mafia whose idea was it to kidnap (taken away, by force, for monetary gain) Mother from her house on August 25 2021. To this day, NOBODY in the mafia, including jsh, jaskowiak, etc ever answered me. Why? Why would jaskowiak, Mother's court assigned lawyer from the beginning by weilheimer, whose purpose was to always defend and protect Mother, allow her kidnapping? There was NEVER any court order by weilheimer for Mother to be kidnapped.
56. See #55.
57. More questions to logie that he refused to answer. Why?
58. More draining of Mother's money by logie and zabowski for a fake guardianship for only money. Logie hired zabowski as his lawyer as soon as he was appointed by weilheimer, BUT zabowski should have been paid only by logie as an expense in his business. More ways this mafia and other guardianship mafia's nationwide to steal the victim's money for themselves.

Dwayne Logie, Owner & Founder

Biography

Dwayne Logie graduated from Grove City College with honors in Business Administration and Economics. After working for two Fortune 500 companies, Xerox and Procter & Gamble, his entrepreneurial spirit led him to venture into the restaurant business. For sixteen years he owned and operated a high performing franchise of Chick-fil-A in Center City Philadelphia.

When Dwayne became aware that his grandmother was having difficulty with her bill paying and banking, he began to manage her finances for her. He soon realized that there were many seniors in the same situation with no one available to help them. At the same time, an article in *The Wall Street Journal* describing the concept of daily money management caught his attention. Within a short time he founded Logie & Company to provide daily money management services to seniors in Delaware and Chester Counties. Over the next seventeen years he expanded the business to provide Powers of Attorney, Guardianships, and Estate Executorships. 5,

Arthur,

I encourage you to read the "Final Decree" from the Honorable Judge Gail Weilheimer. I think attorney David Jaskowiak gave you a copy of it during our visit last week, but, just in case you do not have it, I attached it here.

→ As you can see, your role has changed. I am in charge of your mom's person and estate.....you are not.

With that said, I'd like to work with you for your mom's benefit. If you fully cooperate with me, this transition will go smoothly.

I will contact Deb Klock to see if she can visit next week. Which days are good for your mom next week?

Your mom is the one who will pay Deb's bill.

Thank you for providing the house #.

Mr. Logie,

My mother was at Kuhar's about 2 months ago and was in excellent physical and medical health. She had a once a year blood test and it came back so good that she could discontinue a very low dosage pill for hypertension.

As per appointments, they are for her personal matters. A change of one day or so will not make a difference. You said yourself Klock was not sure if she could make it. Who pays klock? Next week is mostly free.

The house phone is 215.723.3314. But, she never answers it because of all the spam and fake calls she gets. Call me and I will let her know you will be calling her.

As per kuhar, when we were there 2 months ago, there was no date set for another visit. After how kuhar screwed my mother/me over this past year, we are not pleased with her or her abilities any more. As always, I will take her there and be with her in the visit.

As per the vaccine, my mother does not want it and has said so for a very long time. I agree with her. I will not take it either because of the constant changes in what the CDC says and the side effects. Despite what that pathetic court said based on that made up "evaluation" by a quack, my mother still has a excellent mind and knows what she wants. I will always back her up.

As per "hospital" that should be in kuhar's records that you have. I think it was a couple of years ago i took her for a scan of a swollen leg which turned out to be nothing.

Arthur,

What part of what I said was threatening?

Deb Klock is not a stranger. I already explained to you and your mom who she was and what her assessment was about.

Deb is a well-respected professional. Your mom agreed to the assessment.

Actually, you do not have a right to know what goes on in the assessment.

No one (to my knowledge) has ever said that your mom can't remember anything.

Will you comply with my request to give your mom and Deb Klock complete privacy?

Don't you dare tell me or threaten me in your statement. I will be there, as my mother has asked me. strangers don't just do what they want, court order or no court order. If my mother is paying for it, I have a right to know exactly what is said, especially since the "state" says she cannot remember anything. I have seen how grossly incompetent and corrupt this matter has been, including your charges.

Arthur,

Your mom is now living with your sister Jill.

You have 30 days to vacate your mom's house.

Please remove all of your personal items from the house within the 30 days.

Do not sell, transfer, move or damage any of your mom's belongings in her house.

Do not try to use your mom's debit card. I closed it.

Do not use/write any checks out of any of your mom's accounts.

 Arthur,

I moved your mom to Jill's house because I thought it was in your mom's best interest.....at least for now. Your mom's assets, including her house, car and household possessions, are part of her estate. I am responsible for managing such. I am not going to explain every decision I make to you. As was explained during the Conference with the Judge on 8/27/21, I am going to set up a visitation plan after Deb Klock meets with your mom. I will let you know when I have the visitation plan ready. Until then, I ask you to allow your mom to acclimate to her new environment. I hired Diane Zabowski to assist me in my job as guardian. It's not uncommon for a guardian to hire an attorney for assistance. I already explained my background and education to you (2 times). If you do not think I am qualified for the job, you may contact the Judge with your concerns. Any insurance coverage I may have is not your business.

I have a question for you:

During the conference on 8/27/21 you mentioned one of the reasons you called the State Police was that you received an "emergency email." Please explain what you were talking about. Anything that has to do with your mom and is "emergent," is something I need to know about.

Thank you.

Mr. Logie,

Why was my mother removed from the house?

Why am I being forcibly removed from the house?

Why am I being denied the right to see her and talk to her at any time and for as long as I want?

Why did you hire a lawyer for yourself at my mother's expense?

You told the judge you are selling her car. Why? She has the right to have it sit there if she wants or let me drive it when I take her places.

Are you going to sell her house possessions?

Are you going to sell her house?

If so, where is she going to live?

I asked for copies of your credentials and certificates, but you have not provided them.

I asked for a copy of your insurance coverage pertaining to your business, but you have not provided them.

What were the reasons for taking my mother out of her house? Why am I being forced to leave? Answer the other questions I sent to you. Why are you refusing to do so?

You lied about Klock going to be here last week. You knew ahead of time what you were going to do.

Why do I have to have visitation rights? For what? Why is my mother being manipulated for something?

I will not let my mother be ruined by this made up petition and her ability be based on a 2 hour quack "evaluation". This entire matter is a fraud.

All 5 spare door keys no longer work. I wonder why?
Are you going to tell me why you are forcing me to leave when my mother made it extremely clear to you, ledakis and Jaskowiak that she wanted me to stay there in her house?
Is she going to be allowed to live at home as she was told several months ago?
When am I going to see my mother? Excuses by you keep going on. My mother's emotional condition now proves your/jaskowiak way failed. She never needed anti depressents and now another pill when she was at home in her own surroundings.
As per Klock, you claimed she was going to be at the house the day you had my mother forcably removed. Obviously, you lied about that.
Did you sell her car or are you just piling up the storage fees?

Subject: door lock

Why were the locks on the front door changed ?

11/10/21 14.

1. Mom MUST come home now.

- a. Covid Covid Covid- nursing homes have covid all the time. I showed you pictures of the special rooms with air tubes coming from them. Mom never got covid being at home.
- b. Ledakis own report 3 months ago said she can be at home with a little assistance and said since I lived there, that was good enough. Ledakis was the only report weilheimer used.
 1. There were NEVER any examples given of where mom was in any medical trouble or abused her finances ever. No examples of court's own definition of incapacitation. NO examples by my sister
 2. I proved ledakis's "evaluation" had NO, NO credibility or accuracy by his own admissions.
- c. Mother has \$2.5 million, lives in 3 bedroom, 3 bath house. Why is she a prisoner in one room, 24 hours a day in a delapidated nursing home?
- d. My mother is NOT an animal in a cage.
- e. Mom keeps saying she wants to go home to be with me. She does not understand why she is kept away from her house and as much time with me all the time.
- f. Nobody checks to see if she is alright or talks to her. No ability to walk around or go outside.
- g. The prison cell has a tiny bed, broken bureau, no phone, no tv remote to work tv, no table to put things on (they have to be put in the bureau along with her clothes or the floor)
- h. Her routine living at house and doing daily activities has been denied. She is losing abilities she knew by being deprived of them at the worst time. If she was at home with me, I would be reminding her and getting her to use her mind and make sure she does what she used to do.
- i. Isn't this about the care and welfare of my mother?
- j. Why is my mother being denied the affections of her son at 96.5 years old by weilheimer? NO reasons are given for ANY time restrictions.
- k. Nobody checks to see if she is eating a full meal for breakfast, lunch and dinner. After leaving the hospital underweight, Mom CANNOT lose any more weight . Mom tells me she just has some crackers or ice tea for some meals because she does not want to eat with "old people".
- l. Why is mom paying about \$5,000 a month for a cage when she has a FREE huge house to go home to?
- m. Mom's house has a complete bedroom and bathroom for any nurse that needs to be here if my mother needs special medical care in the future.
- n. My mother had just been to her doctor of 20 years a month before the sister dropped the bomb on us. Her doctor said she was in perfect medical and physical condition, a blood test said she was in such great shape she did not need her blood pressure anymore, her twice a year "neuro-psychological" evaluation by kuhar (the same one ledakis and carroll uses) showed she had a 26/30 score which is very good AND kuhar NEVER said mother should stop driving. Then lugie, my sister, weilheimer and ledakis get a hold of her.

2. LUGIE MUST GO NOW

- a. I must be appointed guardian of my mother. Who handles her money, later.
- b. My mother made it clear to ledakis, jackass, dr. carroll and logie that she loved me and only trusted me, not my sister, to take care of her, her life and her wellbeing.

- c. Lugie and his cronies are wasting mom's money as fast as they can get to it.
- d. Lugie has never cared about my mother's wellbeing or me. He has only cared about her money and how fast he can get it.
- e. Refused to talk to me before he got zabowski about anything. He told me a day later my mother went into the hospital.
- f. Trying to get me to leave only so he can give away valuable items of my mother than sell the house at a low price to a friend then resell the house at a higher price. Others have told me the same thing.
- g. He put my mother into a low rated "prison" 40 miles away from her house and neighborhood. Why? Better kickbacks there? There are many much better and cheaper places near where she lives as nursing homes. She has a FREE HOME she can go back to for the rest of her life.
- h. Never checked to see her welfare at the hospital. Never knew she was never exercised, never was eating her food because it was cold and disgusting. She went in because of malnutrition, but he never cared to make sure she was eating. Never knew or cared she was never allowed out of her bed for the 6 weeks she was in the hospital. Is that the way he treats old people who need care?
- i. Put her on medication but refuses to tell me what and why she is on them.
- j. He put her in the home right after it reopened after a covid outbreak. Mom just got over covid. Why would he do something that stupid. Those places have covid all the time with their workers.
- k. He and my sister never knew mom lost her glasses at the hospital. I got her temporary pairs and her new prescription temporary pairs.
- l. Lugie has missed several of mom's important doctor's appointments by months putting her in grave danger. Lugie is supposed to know everything about a client.
- m. lugie did not have a phone in her room after 3 weeks. He had no refrigerator in her room. I got her one. The bureau is broken, no table to put things on, bedspread torn and old, she does not use tv because no remote to work tv, bed sheets are stained. Still no phone in room. She has to stand next to the nurses station to use theirs but only for a few minutes. REALLY? Is that what lugie calls being a guardian of a person or just a bank account?
- n. I buy her the special milk she drinks and food she likes to eat. Not my sister or lugie.
- o. Since lugie cannot take care of my mother's needs for her wellbeing, both physical and psychological, he MUST be replaced with the person who cares about her and who she trusts and wants.
- p. Lugie refuses to disclose what pills she was on and is on.

GENERAL QUESTIONS

- 3. a. I need copy of inventory.
- b. Why is \$1 million missing from mom's inventory?
- c. When will I receive my \$2,000 birthday gift money that my mother has given us for 9 years and the \$260 I paid for mother's eye glasses since lugie or my sister never cared about?
- d. When will lugie put phone in?
- e. I was told, after mom dies guardians can challenge the will/ Is that true?
- f. What about documents mom signed that sister gave her and she did not know what they were for several years ago. Are they still legal?
- g. Since jaskowiak knew about the ledakis report, why didn't HE have another psychologist to refute that.? Why didn't he jump on the fact that I proved the "evaluation was a fake?"

- h. If jaskowiak is still my mother's lawyer, then he must be replaced as a incompetent and ineffective council. He screwed up big time.
- i. How many people are draining mom's money?
- j. How much has she lost?
- k. How can people spend so much money when mom was not before lugie, etc got involved. What did she get from the money wasted.
- l. Why is lugie so anxious to sell the house when my mother wants me to live there and ledakis said she could live at home?
- m. Logie said he had hired someone pertaining to "helping " mom. What is that story?
- n. Mom does not want to be there but she tells me she is afraid to complain. I know if she does, she will be drugged.
- o. Why is mom refused to go outside? Is she a caged animal like a bird?
- p. Mom MUST be examined by a independent doctor now per her weight when she went into the hospital, when she left to see if she should have been taken by lugie. What is her weight now compared to what she weighed at dr. kuhar.
- q. Where is mom's car and why was its value so extremely low with the high cost of used cars today?
- r.

As you know, I have released Mr. Knapp as my lawyer. I will be pro se.

For the past 2 days my mother's legs have been very swollen and hot. She told the front desk, but nobody has done anything. She must be taken to a hospital for a mri to be sure it is not a blood clot that could kill her. No excuses. She must also be allowed to see her regular doctors, not somebody nearby.

After a full month in that pig pen, she still has no phone in her room. Why? There is trash on the floor because of the very tiny waste basket and no tables to put anything on. Trash

Mr. Logie,

My new email is tomlinher1925@tutanota.com.

As per my mother's glasses, as you recall, you canceled her cards months ago. I used my debit card. Mr. Knapp has the original receipts. Contact Mr. Fenstermacher, confirm I paid for the glasses so he will send me my money.

Mom's Legs

Arthur,

The doctor saw your mom today at Manatawny.

Nurse Theresa read me his notes:

He said that your mom should keep her feet elevated as much as possible, wear the TEDS socks, have cream applied 2x/day for the redness.

He said there was no infection.

The staff members at Manatawny are keeping an eye on the situation.

He said your mom does not need to be hospitalized.

inventory

Mr. Logie,

You know you did not answer all of my questions about your inventory. I will repeat them.

What is the name and contact information of your insurance company for your business? I want a copy of

the policy for my mother.

Why was my name left out of the inventory?

Why was about \$1 million left out of the inventory?

Why was my mother's car sold without asking me if I wanted it and without asking my mother what she

wanted to do with it? I was also driving her car to take her to appointments, dinner, visits, etc. The

car was worth about \$5,000, not the \$1,500 you listed. I know what the value was because of the

extreme shortage of clean used cars. As you know, my mother is not poor and she did not need

the money. Who did you give it to?

Why are you refusing to put a phone into my 96.5 year old mother's room? She has to stand at the nurses

station when she wants to call me or I call her. They only allow her to talk for about 5 minutes and

she cannot talk freely with them listening. A month later and you still did not put a phone in her

room

You saw the tiny pig pen she lives in now, and according to you, Klock picked it out. You claim you saw it.

You told me to take some furniture for it. WHERE is my mother going to put them?

Why have you refused to get unlimited visiting days for me. You know I have always asked for them after

my mother was forcibly taken from her house?

Why are you challenging who paid for her glasses? You canceled her credit cards when you/my sister

forcibly took my mother on august 25. My mother was in the hospital and the POW camp when the

glasses were paid for. I used my SS debit card. I do not know why her name was on it unless it was

because she was the patient.

You told me to get a larger garbage can for her room. Who the hell are you to tell me what I should do.

YOU ARE HER GUARDIAN. Tell the POW camp to give her one, give her a new bedspread because it

is old and tattered, a new bureau that has drawers that work and a chair that is not worn out where

she is almost into the springs. Is your \$115 a hour rate supposed to be for doing nothing?

You told me those other nursing homes refused to take my mother. I called them and they said there

would be no reason why they would not want her there.

You know the Ledakis report said she can stay at home with a little assistance and since I lived there, that

was good enough. Why did you ignore his report and put my mother into that locked down POW

camp where she is not allowed outside to walk or walk freely around the place?

You have missed many of her doctor's appointments.

After my mother was forcibly taken from her home, you canceled her medical alert necklace. She is in the

room by herself almost all of the time with the door closed. If she falls, has medical emergency, etc,

nobody will find her untill it is too late.

Answer every one of those questions .

Mr. Logie,

You still have refused to answer these specific questions. Why are you doing so? I have sent you 3 requests for those answers. My mother's legs are not better at all after 3 weeks under your control. She must go to a hospital for tests today. I refuse to risk her dying or losing her legs because of your gross incompetence, indifference and corruption that you have shown since you became a so-called guardian of my mother. You claimed Deb Klock picked out that pig pen. Would you put YOUR mother there?

Also, since Ledakis stated my mother could stay in her house, why did you/my sister forcibly remove her, put her through hell at my sister's house for 10 days, then my mother had to be sent by ambulance to the hospital because of malnutrition by her daughter, forced to stay in her hospital bed for 6 weeks, could not eat the food because it was always cold and unedible, she got covid, then you put her in a pig pen that just reopened from a covid shutdown.

Do you have any idea of how to take care of people or are you just too busy counting your clients money for yourself?

Arthur,

I just got off the phone with Dr. Bruder.

I put a call into his office earlier today and just heard back from him.

He is the doc who sees your mom at Manatawny.

Your mom has "venous insufficiency."

This is a chronic condition.

The condition is rather common with the elderly.

Doc does not think your mom needs any type of test, surgery or hospitalization at this point.

He said your mom's kidneys and heart are fine and her lungs are clear.

Your mom's legs are not infected and are not painful.

Doc does not think a blood clot is involved here.

Jill told me she visited your mom earlier today and she said she thought your mom's legs were looking better.

She said she massaged your mom's legs and your mom appreciated that.

Doc said that your mom needs to keep the TEDS stockings on and that she should keep her legs elevated as much as possible.

Lastly, Doc told me that junk food, especially stuff that is high in sodium, makes this condition worse, so, please stop taking food to your mom.

Re: doctor

Mr. Logie,

Neither you or my mother's paid lawyer zabowski have answered my questions about your inventory mistakes for over 2 weeks. Why not?

Clearly, Mr Bruder and Klock do not know what they are doing and their visual only observations have been totally wrong. What competent medical doctor allows a 96 year old woman's legs to be extremely swollen for a month without taking her to the hospital for tests? FYI, my sister's opinions are totally worthless. She is only a medical coder, just a office worker. No training at all as a medical expert.

Answer the questions about your inventory mistakes.

Is my mother paying for any of Klocks "time"? If so, how much has been paid to her at what rate? Why is she involved when YOU are her supposed "guardian"? If you cannot handle her as a person, get someone else. You clearly have failed at your job. Your lies about what you told the police recently about me will not be tolerated.

Re: Food

Mr. Logie,

How would they know what is in the bags I bring in? I am not your slave as you think your "clients" are to you. You do not own me. Do your job right, first. Why is there still NO phone in her room after 2 months? Why are you spending my mother's money on you, zabowski, klock(?) and others instead of giving basic humane care to my 96 year old mother? Putting her in a one room pig pen with old and broken furniture, dead rodents in her room, torn bed spread, trash on the floor, worn out chair that she can barely get out of, broken bureau that the drawers can barely be used by her, one broke because of the effort that had to be used to open it several weeks ago and at that disgusting cost to her for her pig pen when ledakis said she can stay at home (free) as long as I am there. Why are trying to evict me when my mother can come home to live? Why are you refusing to put a phone in her room so she can talk to me? You claimed none of the 20 or so nursing homes in her area wanted my mother. BS. My mother has no physical problems, no medical problems and does all of her functions on her own. She is not a wanderer according to ledakis. There is no reason why those nursing homes would not want her to live at their places. Plus, Manatawny Manor continues to have many active covid cases there. Why would you put her there after they just reopened from a covid shutdown and my mother just got over covid at the hospital when she could be safe at home from covid?

Would you put YOUR mother in a dump like that? Did you ever get that permit from a year ago from your township to expand your garage so your mother could move into it?

Mr. Logie,

It has been over 2 weeks and neither you or zabowski have answered my questions about your inventory lacking key information. Why do both of you refuse to respond?

My mother's legs are still swollen. It has been over a month since they were first reported to you. She needs to go to a hospital, now.

Also, is Klock charging my mother since it appears she is working with you as your "care manager"? If so, why is she needed when you are my mother's "guardian" and why is my mother paying for your lawyer, zabowski since those costs are part of doing business as a business.

What is the plan for Christmas as far as visiting? As you know I was in prison for a week and my mother did not have any so-called "junk food" as you called it. You claimed the "junk food" I was giving her was causing her legs to swell. Today, her legs are still swollen and hard. Almost 6 weeks later, her legs are still swollen and hard. Re: visit

I will be visiting my mother at 11am on friday.

According to my sister's lawyer in a email very recently, my sister does not more visits, does not want more time during visits, does not want a phone in the room and does not want my mother to move back home as ledakis said she could months ago. Why have YOU also opposed those humane things for my 96.5 year old mother for many months? Why has Sunday never been used as a visiting day? I would want that day. Why is my mother locked in and not allowed to go outside or be taken on car rides for lunch or anyplace else since she has been at the pig pen for months? Why have YOU refused to have my mother taken to the hospital to have her legs tested after they have been swollen for over 6 weeks and none of your so-called "experts" were correct in their diagnosis/treatments? Those are YOUR responsibilities as her so-called "guardian" for her health and happiness. But, YOU are more concerned about heater maintainence and the fireplace repaired? Really?

FYI: My mother and I have known for a year the entire gas fireplace will have to be replaced because the parts are not made for it anymore. YOU are the one that has ignored/missed many doctor's appointments for my mother with my mother's doctors. Those doctor's appointments are for her health and her life. Those appointments were never missed before YOU.

Why have YOU and zabowski refused to respond to my emails about the missing information on your inventory for several weeks?

How many more people are YOU going to hire, at my mother's expense, since YOU recently hired klock as a "care manager" for my mother? My mother is now paying for four people who don't do anything, except waste my mother's money. Before YOU, my mother was never wasting that amount of money. With YOU, my mother is forced to live in a tiny, one room pig pen, with broken furniture, torn bedspreads, dead rodents, trash on the floor, etc, instead of her large 3 bedroom, 3 bathroom home that is also safe from covid. As you know, Manatawny Manor has many active cases of covid and worse.

phone

mr. logie,

Are you still refusing to put a phone into my mother's room after she has been there for about 2.5 months? It is needed as a safety measure for her life and health and the ability to call me or I call her when we want since the people at the desk are almost never there, day or night. As you recall, you canceled her medical alert necklace 7 months ago. Her legs and feet are still swollen and you have refused to have her go to the hospital for any tests, including a ultra sound or for infections. She is overdue for other medical appointments.

But, you are more concerned about her heater maintainence and the fireplace repair, which I had told you my mother and I knew about the problem more than a year ago and she had decided not to replace the fireplace components.

Both you and zabowski have refused to answer my emails on these and other matters.

1/10/22

43,

IN THE COURT OF COMMON PLEAS
MONTGOMERY COUNTY, PENNSYLVANIA
ORPHANS' COURT DIVISION

NO. 2021-X2110

IN RE: JANE HERRING,
AN INCAPACITATED PERSON

**ANSWER TO PETITION FOR
REVIEW AND REQUEST TO REMOVE GUARDIAN**

Dwayne Logie, Permanent Plenary Guardian of Person and Estate, files the following

Answer and respectfully represents:

- 1. Admitted.
- 2. Admitted.
- 3. Denied. The averments contained within paragraph 3 and subparagraphs (a) through (k) are specifically denied. Strict proof is demanded at the time of hearing.

- a. Denied. Strict proof is demanded at the time of hearing. On the contrary, Mr. Logie has acted appropriately by initially contacting Jane Herring's long time primary care physician, Dr. Kumar, communicating with her and obtaining guidance. Further, Mr. Logie has consulted with Deborah Klock, a Registered Nurse and Certified Geriatric Care Manager, to obtain guidance and assistance. In addition, Mr. Logie arranged for Jane Herring to receive a Covid vaccine which Arthur Herring refused to do.
- b. Admitted in part; denied in part. Strict proof is demanded at the time of

hearing. It is admitted that Mr. Logie removed Jane Herring from her home. This occurred because Arthur Herring prevented Mr. Logie from doing his job

and Mr. Logie determined, as Judge Gail A. Weilheimer did, that Arthur Herring was an inappropriate caretaker who acted in his own best interest and not that of his Mother. It is admitted that Mr. Logie sold Jane Herring's car since she is no longer able to drive. It is denied that this conduct deprived Arthur Herring of a valuable asset; Arthur Herring did not own this car and had no right or entitlement to the vehicle. The car was a liability for Jane Herring's estate. The issue is what is best for Jane Herring, not Arthur Herring.

- c. Denied. After reasonable investigation Mr. Logie is without sufficient information to form an opinion as to the truth or falsity of the averments contained with subparagraph C and strict proof thereof, if relevant, is demanded at the time of trial. By way of further answer, it is specifically denied that Jane Herring's placement at Manatawny Manor was against the report and opinion of Dr. Ledakis. Dr. Ledakis was not aware of the extent to which Arthur Herring interfered in Jane Herring's life. Mr. Logie acted after consultation with the appropriate medical personnel who are well aware of the most recent medical developments in Jane Herring's life. Jane Herring also needed to be removed from Arthur Herring's care since he refused to schedule an appointment for her to be vaccinated against Covid and he refused to be vaccinated himself, all of which put his mother at risk for her health.
- d. After reasonable investigation Mr. Logie is without sufficient information to form an opinion as to the truth or falsity of the averments contained with subparagraph D and strict proof, thereof if relevant, is demanded at the time of

trial. Mr. Logie was appointed at the conclusion of the guardianship hearing and cannot comment upon Dr. Ledakis's testimony. Further, it is contended that Arthur Herring has taken Dr. Ledakis's testimony out of context. The certified geriatric care manager and other relevant medical personnel recommended Jane Herring's current placement.

- e. Denied. Strict proof is demanded at the time of hearing. It is contended that Arthur Herring's hatred for his sister results in his vituperative comments towards her. Jane Herring was initially transferred to her daughter's home when it became clear that Arthur Herring was not an acceptable caretaker and acted to obstruct the guardian's ability to do his job. Jane Herring was hospitalized after she refused to eat or drink on a very hot, humid day during the summer. The hospital admitted her because she needed to be admitted to the hospital. The duration of her hospital stay was engendered by the following issues: (1) her presenting medical condition, (2) the fact that she contracted Covid after being visited by her un-vaccinated son, and (3) the challenge of finding an appropriate bed in a suitable care facility.

- f. Denied. Strict proof is demanded at the time of hearing. Jane Herring is residing at Manawary Manor which is an appropriate care facility for her. When not subjected to the screaming by her son and his desire to control her every action, Jane Herring is happy and content in her new environment.

- g. The averments contained with subparagraph G are specifically denied. Strict proof is demanded at the time of hearing. After consultation with staff and the geriatric care manager, Ms. Klock, the visitation scheduled was proposed to

Judge Weilheimer who entered an appropriate order. Arthur Herring's controlling and inappropriate behavior are solely responsible for the visitation schedule which is in place.

- h. Denied. Strict proof is demanded at the time of hearing. Jane Herring has access to a telephone during reasonable hours of the day. It is contended that a private phone is not in the best interest of Jane Herring because Arthur Herring will use it to dominate and manipulate his Mother by constantly calling her and brainwashing her. Evidence of this behavior is that he will call ten (10) times a day to speak to his Mother. Staff at the facility have noticed agitation exhibited by Jane Herring after she has a telephone call with her son.
- i. Denied as stated. Strict proof is demanded at the time of hearing. It is admitted that Mr. Logie has given Arthur Herring notice to vacate his Mother's home and it is contended that Arthur Herring defiantly refuses to vacate the property. Further, Arthur Herring has refused to contribute financially to the maintenance of this home and is only concerned about the sale of this asset since he will then need to locate alternate housing. Despite our offers to gift Arthur Herring with sufficient funds to pay for his reasonable rental costs, he continues to engage in a pattern of behavior designed to threaten, intimidate, libel and harass any person who refuses to accede to his self-serving demands.
- j. Denied. Strict proof is demanded at the time of hearing. It is contended that none of the professionals in this case have been paid for their services. The guardian and all counsel are well aware that they must petition this Honorable

Mr. Logie, I don't understand why it is taking so long to get an ultrasound? Also, no response to my email yesterday inquiring into what hospital and who will conduct and ordered the testing. Please reply.

Arthur is very anxious that his mother receive prompt attention to this leg issue and is more than willing to take Jane to the facility for the ultrasound, especially if tha will expedite the diagnosis and treatment. Arthur has been asking about the leg issue for months and I do not understand what is taking so long to address the issue. Again, please get back to me on this. Thank you, Vic Meitner

J. Herring-2021 Income Taxes

Arthur,

I am organizing your mom's 2021 income tax info. for Mark Breon.

I want to be sure Mark has all medical expenses for your mom, and since I did not take over finances until August 2021, I thought you may be able to shed some light on this. Please let me know of any expenses that could potentially be tax-deductible (that your mom incurred before I became guardian).

Thanks.

Re: J. Herring-2021 Income Taxes

Mr. Meitner,

Thank you for the reply.

I think I have all of the 1099's, but what I was hoping to get from Arthur was information on medical expenses that Jane incurred from January 2021 thru when I started.

Jill told me that she was kept in the dark regarding Jane's medical care from the time Arthur moved into Jane's house.

The first time I met Arthur he told me that he drove Jane to her medical appointments, and was very much involved in providing care (scheduling appointments, transport, etc.) for Jane, so I figured that he would have a record of the medical expenses.

Please let me know.

Thanks.

OF MONTGOMERY COUNTY, PENNSYLVANIA
ORPHANS' COURT DIVISION

NO. 2021-X2110

IN RE: JANE HERRING,
AN INCAPACITATED PERSON

Petition for Review and Request to Remove Guardian

1. Arthur Herring, III, the Petitioner, is the son of Jane Herring (JH).
2. On about August 11, 2021, Judge Weilheimer determined that JH was in need of a guardian and appointed Dwyane Logie ("Logie") as the guardian of both the estate and the person of JH.
3. Since his appointment, Logie has not acted in the best interest of JH which is shown by the following actions:
 - a. He has failed to be aware of her medical needs and conditions.
 - b. He removed her from her home without consulting with her.
 - c. He removed her from her home where she had resided for most of her life. This was against the report and opinion of the "expert" in the case Dr. Ledakis.
 - d. Dr. Ledakis testified that it was his recommendation that JH could stay in her house with proper assistance.
 - e. Instead of following Dr. Ledakis recommendation, Logie placed JH with Jill Herring. This resulted in JH being hospitalized for six weeks and contracting COVID.
 - f. JH is now living in a facility that does not properly care for her; that is costing her significant sums, and she is isolated from her family.

- g. JH has also been excluded from seeing her children, except for a very limited time, (three hours per week per child).
4. Petitioner believes that Logie removed as guardian and that a new guardian should be appointed in his place.

WHEREFORE, Petitioner requests that this Court issue a rule upon Dwayne Logie to show cause why he should not be removed as guardian of the person and estate of Jane Herring.

manatawny manor

Logie,

Why did you and my sister dump Mother and keep her there at manatawny manor for the entire year you were a guardian of both person and estate? For the past 2 years, I keep finding many much bigger, much nicer and much cheaper places for Mother where she would be with much nicer and normal people and have some of her possessions and furniture in her room? She would be free to walk inside and outside as a free person, not a caged animal.

Mother was never accused of any mental or behavior problems where she would be a danger to herself or others, so why did you and my sister put Mother into a locked down section, in solitary confinement and in a sensory deprived environment at \$90,000 a year? There are many other places I have found for maybe 50% less per year. The court accepted, yearly cost of Mother's home is only about \$16,500 a year.

Who approved the kidnapping of my Mother by you and my sister and why? The ledakis report said Mother could live at home and with me there, everything was fine. (see attached). But, the day you quit as guardian, in the court hallway, I asked you if you had read the Ledakis report and you said no. As the guardian of a human being, why don't you think it is imperative that you know everything about a person before you own them?

Why did you always ignore PA law Title 21 section 5521? (see attached)

I asked you last year as to who approved the kidnapping of my Mother by you and my sister, but you never responded.
