

CYNTHIA ELLIS BIOGRAPHY

SHE IGNORED ALL OF THE LAWS AND RULES FOR MOTHER

Ellis was picked by jaskowiak to replace pam blumer as guardian of person in February 2024. She was and still NOT a certified guardian. Why did cry baby jaskowiak pick her to take care of a very elderly, soon to be 99 year old woman?

Ellis became another member of the mafia and pretended I did not exist. She basically never replied to my emails. My emails were very important. At one point she said Mother did not need a table in her tiny pig pen. For 3 years, I could not get a table into Mothers room so she could put her things on it instead of on the floor.

She was another barbaric animal in the mafia who only cared about getting her paycheck, instead of taking care of Mother.

CYNTHIA ELLIS, MSS

Social Worker

Cynthia is a social worker with 25 years of experience working with individuals with physical and developmental disabilities of all ages on an inpatient basis as well as in the community. She also has extensive experience working with seniors. Cindy holds a bachelor's degree in Individual and Family Studies from Pennsylvania State University and a Master's degree in Social work from Bryn Mawr College of Social Work and Social Policy. Cynthia is passionate about her work and provides the ability to work with seniors as well as the special needs community.

◆ AI Overview

⋮

Cynthia Ellis is a Licensed Social Worker (LSW) and Care Manager based in King of Prussia, PA. She works at Complete Care Strategies and its sister company, 4 Life Care Services, located at 630 Freedom Business Center Dr, Suite 300, King of Prussia, PA. 🌸 4 Life Care Services +1

She does not have a public profile with general patient or client reviews on major healthcare rating websites (such as Healthgrades, Zocdoc, or Google).

Instead of traditional therapy, Cynthia Ellis specializes in Geriatric Care Management. Her work involves acting as an advocate for seniors and adults with physical or developmental disabilities. 🌸 Complete Care Strategies

Her core services include:

- **Care Planning:** Assessing living situations and creating long-term health plans.
- **Medical Advocacy:** Navigating the healthcare system and coordinating communication between doctors and families.
- **Placement Services:** Helping families find the right assisted living or nursing home facilities. 🌸 Complete Care Strategies

Because she operates as a care manager for specialized agencies rather than an independent psychotherapist in private practice, her professional track record is typically evaluated through direct institutional feedback, word-of-mouth recommendations, and agency reputation rather than online star ratings.

If you are looking for specific types of counseling, tell me:

- What **age group** are you seeking therapy for (children, adults, seniors)?
- Do you prefer an **in-person** or **telehealth** appointment?
- What **insurance** do you plan to use?

I can help locate and verify a licensed therapist in the King of Prussia area who meets your needs.
