

JASKO RAT TIME LOG

Look at all of the money that was stolen from Mother to pay for all of those shisters, especially the ones who were hired by pam blumer, who was guardian of person. Who hired all of them and why was it allowed? All of those lawyers had no authority to be hired and charge Mother. They NEVER did anything for Mother. If blumer, who also hired her lawyer husband bill just after she was hired in may 2022, wanted lawyers, that was HER cost of operating a business. There is NO law that says she could do that, so why did weilheimer allow it? Why did jaskowiak allow it? Because he was friends of blumers.

Jasko made every penny he could charge, including for travel time and ALL of the other shisters that were involved. Jasko rat listened to every radio show I was on every week for 90 minutes. He charged that to mother. The shows were 4x a month, for 1.5 hours. Jasko rat was so addicted to trying to catch me saying something that I was not supposed to say and hoping he could file another one of his money making contempt of court charges to make usually about \$5,000 each time. He even bragged about him doing that to make money on a video he made in 2019 about guardianship. I saw that video.

So many lies were always made up against me by this mafia, but they refused to let me explain the truth and never allowed me to use a cell phone to prove I was not breaking any of the rules.

Blumer talks about Mother having a serious fall and injuries. There was no reason why the mafia was treating me like a criminal and keeping me and Mother apart. Mother would be so much happier to see me and have me there when she is having these injuries to talk to me about her feelings, instead of total strangers.

Poor Mother, all alone, in a strange and disgusting place, instead of being at her home where she lived happy and healthy for 21 years with her much loved possessions of almost 100 years and in her time of need at ages 96-99. Mother should have had her loving and caring son with her at all times to comfort her who she loved very much and counted on for help any time she needed it.
