

VARIOUS LAWYERS AND GUARDIANS AND SOME OF THE MANY CASES THEY HAVE

This list is about 4 years old. Guardianships are a gold mine for the shisters and crooks who are only interested in stealing the money from elderly people with medical problems.

In a court hearing, doshi said she had 71 clients, logie said he had 100 clients in his bio, pam blumer said in court she had 10 clients then but she has had 71 total in her 9 year business.

Hey blumer, what happened to the others? Did she also hire husband bill and he hire his other lawyers, then bill all of them to your victims? Did you also claim you were a certified guardian to their families. What do the victims families think of you and your care of their loved ones?
