

JASKO RAT GIVES ANOTHER BS VIDEO FOR LAWYERS TO FOLLOW, BUT NOT HIM.

In September 2025, jasko rat made another video about guardianship for lawyers for PBI. He must always be in his own spotlight to feel he is important.

Jasko says: Do as I say, not as I do.

Overview

With the adoption of Act 61 in 2024, review hearings are expected to be scheduled in many more cases. This session will explore when such hearings may be required, the scope of the review that may be ordered, and what procedures and standards are applicable to review hearings. Appeals of orders in guardianship cases will be analyzed to assess which orders are appealable, what issues can and may be raised on appeal, the timing and timeliness of appeals, the parties to appeals, the applicable procedural rules that control appeals, and other practical issues facing counsel for the proposed appellant or appellee.

Recorded in September 2025.
