

DA STEELE'S SO-CALLED "INVESTIGATORS" KELLY & SHADE REFUSED TO OPEN CRIMINAL
CASES ON CORRUPT JUDGES, GUARDIANS, LAWYERS AND OTHERS IN GUARDIANSHIP
CORRUPTION ON THE ELDERLY

Many times myself and others tried to get Montgomery County DA Steele to open up criminal investigations on the guardian scams being done on our loved ones. Steele/investigators claimed they were not criminal cases, but only civil matters. BS! Steele should look up the numbers 241 and 242. He should look up RICO while he is doing it. He should also look up Gloria Byers.

Steele either does not know the crimes code or he is getting a big piece of the action from kickbacks by those who are part of the many guardianship scams on people just in Montgomery county that had been and still going on. Steele should know that protecting several corrupt judges, who are deeply involved and protecting those scams, is a major crime.

Of course, a major newspaper like the Philadelphia Inquirer would have been doing stories about that major court corruption. Right? They NEVER have for years. Why? Because the VP and chief legal council for the Philadelphia inquirer is lawyer Larry Weilheimer, husband to former orphans court judge Gail Weilheimer. Dear Gail is besties with Lorie Shapiro, wife of Josh Shapiro. Josh nominated Gail to Biden to be a U.S. district judge and she was appointed in mid 2023. Gail was in charge of my late Mother's (Jane) corrupt guardianship from 2021 to mid 2023. Gail was replaced by another corrupt judge, Sterling. The guardian scam began on Mother by her then 70 year old daughter, Jsh, when Mother was 96 until Mother's killing/death at age 99 on July 2 2024. Mother's guardian mafia kept Mother unconscious by morphine until she died a extremely slow, painful, barbaric and inhumane death by dehydration and starvation. Mother, like all of the other victims in fake guardianships, had vast assets that the guardian mafia wanted for themselves.

I had met two of the Montgomery county detectives, Kelly and Shade, in about mid 2023. They both refused to look into my case and showed me the door. But, Weilheimer had told two of the sisters involved in Mother's scam to see those detectives to look into filing felony WIRETAP charges against me for claiming I videotaped Mother without the mafia's permission. Under the law, Mother still had almost all of her rights, even as a AIP. She could make basically any decisions on matters and those wishes had to be carried out by her guardians. Sadly, the mafia did not see Mother as a person, only a ATM machine for THEIR benefit.

Re: nursing home

So, is there a court order requiring you to pay money in advance to send your mother flowers and newspapers?

Will your picket sign state the court is charging you money to visit your mother?

Hi.

Also, detective Kelly (DA detectives) threatened me several months ago with a criminal charge of wiretapping because I wanted to file a complaint against the detective who retired and closed the case after only 3 weeks, who I had talked to for 2 hours and gave him many documents. He claimed somebody said I was taking pictures of mother without getting permission from her guardian. They never showed any evidence of that. They do not want pictures of mother taken because it is called evidence to use against them at some point.

The racket is vicious. Tomorrow I picket again with a new sign, again naming judge weilheimer and others taking bribes and kickbacks.

I hope mother got the flowers, newspapers, vase and the letter I wrote to her by the visitor I had given it to outside. I do not know how they found out I brought them. That place is filled with haters of me, especially the black ghetto staff in mother's section who had been paid to spy on us and listen in on the phone calls I used to have with her by the guardians Logie and Blumer.

To: Joseph Kelly Cc: Fbi Fwra

Mr. Kelly,

You have told me for two weeks, there is a document you have been waiting for about something about my mother's guardianship, but you are extremely vague as what it is and about.

Why are you so vague about a document you should know what it is about?
