

AST. D.A. KULL, MONTGOMERY COUNTY DISTRICT ATTORNEY OFFICE

On August 18 2026, I sent this letter and the exhibit of Gail Weilheimer, former judge Orphans Court, to Ms. Kull. Her bio (attached) shows that she deals with financial exploitation of the elderly. For years, DA Steele and the FBI in Ft. Washington, have refused and still refuse to open cases on those that have been and/or still are victims of guardianship fraud. They claim those cases are civil cases, not criminal cases. BS! If Steele thinks that, then why does he have a section, including Ms. Kull, that deals with such matters? Both Steele and the FBI just do not want to go to the trouble of doing more paperwork. The fact is, if anyone goes to the DA, they are told to talk to the Private Criminal Complaint department. THEIR job is to claim the cases are civil and told the DA will not open a case on the familie's case of guardianship corruption by corrupt judges, guardians and lawyers. It will be interesting if Ms. Kull opens up a case of guardianship corruption on my late Mother and the massive amount of money stolen from her.

The exhibit of weilheimer (now US district court judge, appointed by Biden in mid 2023, nominated by josh Shapiro, his wife lorie is best friends of gail) is her letter to me in June 2023 telling me she is having the county IT person, Olivieri, block my email address to her office because she claimed I was contacting her office many times. The FACT was, I was pro se and I was trying to get procedure information, NOT legal advice.

BUT, weilheimer actually told Olivieri to block my email address to ALL county agencies, including the DA, sheriff and the Board of Commissioners. That is totally illegal and weilheimer committed many felonies doing so. Olivieri did it the same day weilheimer sent me her email. Weilheimer was trying to STOP me from using those county agencies to help my Mother get back home.

Judge sterling took over Mothers case in mid 2023 and she REFUSED to have Olivieri unblock my email address to those people. Sterling also refused my petition for the mafia to prove I was a danger or menace to my Mother which the mafia used that lie to deny and/or severely restrict to almost "0" those tiny, 1 hour visits I rarely had with Mother.

August 18 2026

Ms. Gwen Kull
Ast. District Attorney
Montgomery County, Pennsylvania

Dear Ms. Kull,

I am contacting you because you are the Captain of the Economic Crimes Unit and involved in economic/financial crime cases. You also investigate and prosecute cases of elder abuse and exploitation. I am writing to you because of the massive corruption in Orphans Court of Montgomery County, involving fake/corrupt guardianships. My late Mother, Jane Herring, was a victim of a fake and corrupt guardianship from August 6 2021 to July 2 2024. After 3 years of being "owned" in such a fake guardianship, Mother was killed/died by it. Massive guardianship corruption in Montgomery County has been going on for at least several decades and is still going on today. There has been a massive website on Facebook for about 30 years about that corruption. It is called Shenanigans in the Montgomery County Courts.

I am enclosing 2 documents proving the first judge on my Mother's corruption, Gail Weilheimer, lied to me in her letter by telling me she was having the county IT person block my email address to her office. But, weilheimer lied and had him block my email address to ALL county agencies including the DA, sheriff and the county Board of Commissioners to try to stop me from using them to help my Mother get back home and away from those criminals keeping Mother locked in solitary confinement in a low rated nursing home and to get Mother away from those people connected in that fake guardianship from stealing massive amounts of money from her.

The guardianship corruption in Montgomery county courts involves corrupt judges (past and present) corrupt guardians, corrupt lawyers, corrupt psychologists and others. They work together to have people falsely declared "incapacitated" so they can steal their victim's money and house for themselves. These same corrupt guardians are able to "own" many, many victims by being their guardians of either guardian of person and/or estate. When corrupt guardians of estate are in charge of only ONE person's financial assets, that could be at least a million dollars in cash and the victim's home. BUT, when corrupt guardians of estate have 25, 50, 100, 500 or more victims, they can be in charge of many millions or tens of millions of dollars to steal for themselves in various ways. These massive, corrupt guardianships are nationwide in those huge numbers of victims being "owned" by corrupt guardians. I call those various people working together, committing these guardianship crimes as "Guardian Mafias".

For much more information about the guardianship scam on my late Mother, go to my huge news website: janeherring.net. You will see countless documents, court documents, court transcripts, emails, pictures and videos proving Mother was a victim of it by various people, working together as a "guardian mafia" (conspiracy 241, 242).

My late Mother was a victim of a guardianship scam involving many people, including two corrupt judges, Weilheimer and later Sterling, corrupt guardians Dwayne Logie, Ronald Fenstermacher, Pam Blumer and Cynthia Ellis, who were assigned at different times to Mother by those judges, a corrupt psychologist George Ledakis, a lawyer appointed by Weilheimer, David Jaskowiak, who was appointed as Mother's lawyer for "life", lawyer Bill Blumer (Pam's husband) who was hired immediately by Pam Blumer as her lawyer and then Bill hired many lawyers, including Thad Gelsinger, from his law firm Barley/Snyder, a "care manager" and claimed guardian Deb Klock, my former sister JSH, JSH's lawyer Britany Camp who wrote the fake petition for guardianship and lawyer Diane Zabowski who was immediately hired by Logie to be his lawyer as soon as Logie

was appointed. Only Jaskowiak, Ledakis, Logie, pam blumer and Fenstermacher were appointed by Weilheimer. Ellis was appointed by Sterling. Klock, Zabowski, bill Blumer, many lawyers from Barley/Snyder and the 2 monitors of me during visits with Mother were hired by the others, but they had NO right to hire who they wanted. All of them, except Camp, charged Mother for massive billing hours every time one lawyer or others talked to one of those lawyers. But, those lawyers and Klock were hired by the guardians and it was the guardians who were supposed to pay them as part of having a business, NOT Mother. All of those people's charges were approved by Weilheimer.

At NO time were any lawsuits ever filed by me or anyone that any of those guardians needed a lawyer, especially more than one. ALL of the problems and issues I found affecting Mother's health, wellness, finances and happiness could have very easily been corrected by the guardians, without the need to always have a lawyer involved. But, those guardians demanded I only talk to their lawyers, including to Jaskowiak just to make expensive billing hours for the money. In fact, those lawyers, including Jaskowiak, even refused to talk to me. They demanded I file petitions if I had a problem, thus guaranteeing the lawyers make massive amount of money with billing hours "preparing" their cases, "discussing" the case with their client, talking to the other lawyers, travel time to and from court and being in court. Weilheimer even issued a Order to me that if I found a problem, I HAD to file a petition, giving those lawyers more money from Mother. I was pro se for 2 years and NONE of my petitions were ever approved and NONE of the problems and issues I found were ever corrected. For example, after 3 years, I still could not get those guardians and their lawyers to put a table into Mother's room. A 96-99 year old woman could not have a table in her room? WTF? The lawyers were hired by guardians only to make money for themselves from Mother and to kick back money to those that hired them. That tactic is done nationwide in corrupt guardianships only to make money for themselves. ALL petitions, emails and exhibits by me (posted on janeherring.net) point out the many problems and issues that only I found, NOT the guardians, care manager Klock or any lawyer. Those problems and issues directly affected Mother's health, welfare and happiness. ALL of those problems could have easily been fixed by those in charge, including by Weilheimer and Sterling. NONE of those problems and issues ever were corrected.

Mother was finally killed/died on July 2 2024 for unknown/unverifiable reasons by morphine at the low rated nursing home she was forced to be in for 3 years by the mafia before she was killed/died. She was kept unconscious by morphine and died a extremely slow, painful, barbaric and inhumane death of dehydration and starvation.

To this day, the mafia has refused to say why Mother had to be killed. The death certificate said Mother had cancer and two lesser reasons. I was never informed Mother had any type of cancer, especially terminal cancer. But, if the mafia knew Mother was terminally ill, why didn't they tell me and give Mother hospice? NO hospice was ever provided for Mother where she could have had any last wishes, including going back to her home of 22 years to die, with her much loved possessions of almost 100 years and to be with me. Mother and I were always extremely close and loved each other very much. I was not allowed to see Mother for many months before they finally told me my visit was now or never. They finally only allowed me to see Mother about 12 hours before they claimed she died. OR, was she simply killed off by this mafia? When I saw my Mother in bed for my last visit and she was unconscious, it was only THEN did the director of the nursing home, Kessler, tell me Mother was "passing" (dying). This mafia, including judge Sterling by her court order, knowing Mother was going to die very soon, only allowed me to be with Mother for 1 hour before Kessler told me I had to leave. Why only 1 hour? Three people, including Kessler, stared at me the entire time in Mother's room while I was with Mother. Why? No reason was ever given for such inhuman, cruel behavior. Did the mafia want to cause me more pain for the final time by watching me in grief? I was not allowed to talk to her or even cry in private. I asked those 3 watching me several times "Are you gouls enjoying this"? I was told by

Kessler if I took any pictures of Mother for my memory, my visit would be over and I would have to leave. Why? Would my pictures be evidence of what Mother looked like because of this mafia? Yes!

For 3 years at this low rated nursing home, Manatawny Manor near Pottstown, Mother (96-99) was forced to stay in a locked in section, in solitary confinement, in a sensory deprived environment, never allowed outside in society, no phone, no TV, forced to live with people with mental and behavior problems and forced to eat meals with them, was not allowed to walk the short hallways for exercise that she was used to having, drugged, had torn blankets, urine stained sheets and towels, dead mice in her room and Mother was kept isolated from me and her friends basically all of the time by her mafia. I would bring Mother many types of presents to make her happy, including newspapers, magazines, Christmas trees, Christmas decorations, roses, plants and flowers to make her room look nice, many photo albums from homes, clothes to keep her warm and especially no-slip socks so she would not slip on the very slippery, waxed, vinyl floors. I found out Mother was falling on the slippery floors and hurting herself because the no-slip socks I was buying for Mother were always being stolen by the staff. I was soon barred from her room because I kept reporting to Mother's guardians and to the staff people were stealing those things from her room and the many problems I found pertaining to Mother. I was sure the guardians and jsh told the staff to take my things because jsh had always hated her Mother jsh's entire life for no reason. I had bought Mother 2 cell phones to call me, but both were stolen. I bought Mother 2 watches so she would know what time it was, but they were also stolen. I used to make lunch for Mother and I for my visits, but the guardians stopped those lunches as punishment because I was exposing their lack of care and their stealing from Mother. Her mafia used extremely restricted and usually denial of my visits with Mother as punishment to me because I was constantly exposing their massive elder abuse and lack of care for Mother. Her mafia was always ignoring the federal (ADA, Olmsted) and state laws protecting the elderly, ignoring the rules for guardians that the AIP (Alleged Incapacitated Persons) have, the PA Rules of Conduct for lawyers, massive incompetence by the mafia and the stealing of Mother's money in various ways.

POW's have more privileges in the Geneva Convention than Mother had. Why? People in prison for all types of crimes have more privileges than Mother had. Why?

Mother had NO financial problems, NO medical problems, NO mental, NO behavior problems and NO daily problems of taking care of herself (cooking, bathing, walking, etc). Mother never wore diapers, never used a cane or walker and NO dentures. Even the quack psychologist Ledakis, who the mafia hired many times to make up lies about me so the mafia could further limit and deny my visits, stated in his final "evaluation" of Mother before the petition hearing that Mother had NO problems in her daily activities and because I had been living at home for 2 years with her, everything was fine. Mother always wore a medical alert necklace in case she fell, even after I had moved into her home. I had put handle bars in her bathroom next to the shower and toilet and next to her chair in the den if she ever had trouble standing up or sitting down. BUT, Ledakis stated she needed a guardian of person. Why? Ledakis NEVER stated, in this same "evaluation", that Mother had any type of financial problems or neglecting or abusing any financial matters (taxes, bills, etc). Ledakis also NEVER stated Mother had bounced any checks or written checks in bizaar amounts or to fake people. BUT, Ledakis said Mother must have a guardian of estate. Why? Also, ALL minor monthly bills (gas, cable, phone, water, car insurance, credit cards) were auto paid. Mother was living very well off on the just the interest of her late husband's investments. Those investments, about \$1.5 million, have been handled for the past 22 years by the same investment company. Mother was still driving her car safely at 96. Even Mother's same primary doctor, of 21 years, NEVER said Mother should stop driving. Mother owned her 20 year old car since new and owned her huge, 22 year old house since it was built new: a 3 bedroom, 3 bath house, in a gated community. Value today is about \$500,000. Ledakis also said in that same "evaluation" that Mother would have NO problems coming to court. The law says the AIP has the right to be in court. But, Weilheimer, Sterling, jaskowiak and the

others REFUSED to ever let Mother come to court so she could speak for herself about matters affecting her. This mafia did not want Mother to be able to make any decisions for herself that she was allowed to make by law and the court and guardians would have to carry out those wants and wishes. The law says AIP has the right to be in court, especially at the petition hearing or the judge must go to AIP. NEVER happened. The mafia wanted to keep Mother boxed up and with a pretty bow. Mother was not a human. She was disposable cargo, with a bank account, for this mafia as all victims of guardianship corruption are.

Pennsylvania law demands the least restrictive measures before guardianship. The law also demands at least one attempt was made to fix a problem of the AIP. But, NO person that Mother dealt with every year was ever brought in to say Mother had any problem, NO problems were ever cited by the quack Ledakis and NO problems were ever cited by Camp in jsh's petition for guardianship. Both Weilheimer and Jaskowiak, experts in guardianship law, should have demanded the petition be denied. They never did. Why? Camp is an expert in guardianship law, but she never cited one example of Mother having any problem. Why?

I had been living with my Mother, at her request, for two years BEFORE the petition was filed. I was the real expert on Mother's mental and other abilities, nobody else. My sister, jsh (age 70) filed the petition for guardianship to be both guardian of person and estate only so jsh could have total control of Mother's vast assets, about \$2 million, to spend any way jsh wanted, including on herself without any oversight. But, at the beginning of the petition hearing, jsh dropped out because I was going to give evidence that both jsh and Fenstermacher had been trying to steal from Mother, in various ways, for several years. I always stopped those attempts.

Ledakis admitted in court, only by my questioning, he had NO independent proof of accuracy for his "tests" and NO independent proof of accuracy for his so-called "evaluation" of Mother that he submitted before the petition hearing. But, Ledakis claimed Mother was "100% incapacitated". Ledakis's numbers in his report do not come close to 100%. At most, only about 50%. But, his other categories did NOT reflect the information and facts he was given proving Mother did NOT have any personal, mental, medical or financial problems of any type. Ledakis admitted that he never audio or video taped his only 2, 1 hour meetings with Mother to prove what Mother said or did not say or how Mother said or did not say something. I was denied from being there with Mother during those 2 Ledakis meetings. But, on Ledakis website, he says his "evaluations" are 3-6 hours and if the person is elderly, he wants family members to be in the meeting. Why was I denied to be in those 2 Ledakis's meetings with Mother? Because Ledakis never recorded his 2 meetings with Mother, especially since his "evaluation" would be used in a court of law, Ledakis had NO proof that his "evaluation" even pertained to Mother and proved his basis of Mother's condition. WTF? By using a simple cut and paste of substituting one name for another, Ledakis's same "evaluation" could be used for 100 or 1,000 other people. Ledakis charged about \$4,500 for his fake "evaluation". At the end of his "evaluation, Ledakis states that his so-called expertise for accuracy: "the clinical opinions expressed here by this examiner are done with a reasonable degree of scientific neuropsychological certainty". In other words, Ledakis is really saying here, as with all of his other "evaluations" he claims he did on Mother (remember he admits he never audio or videotaped any of those sessions either to prove he ever did any of them) Ledakis is simply saying he is covering his ass by NOT really saying what his actual accuracy really is. Ledakis is only GUESSING. WHAT? Ledakis had been a PHD for only 1 year. He is still NOT a member of the Pennsylvania Psychological Association and not a member of the American Psychological Association. If Ledakis is so great, why not? But, the mafia still hired him many times. The mafia hired him many times because he always made up lies about me so the mafia could deny me visits. I knew Mother best of anyone, but Weilheimer/mafia refused to let me take the stand to PROVE Mother was not "incapacitated" in any way and did not need any guardians.

Jsh's lawyer, Camp, filed the petition for guardianship on May 18, 2021. Jsh admitted in court, by my questioning, that she (jsh) had never discussed such a life altering change to Mother because jsh said she did not think telling Mother, age 96, about her (jsh) plan of guardianship was that important. WTF? Weilheimer

appointed lawyer David Jaskowiak to be Mother's lawyer for life on May 21 2021, as Weilheimer's order seems to indicate. Why? Mother had the vast assets to hire her own lawyer who Mother wanted. BUT, Camp did not send me her email, with the petition attached, until May 24, 2021. WHY so late? Because Weilheimer wanted to be sure one of "them" was Mother's lawyer to be in charge/owner of Mother and her assets. •

Jaskowiak filed 2 different contempt of court charges on me in late 2021 and early 2022 because I was exposing his and others involvement in Mother's scam on my news website protectmyparents.us. He, like always, NEVER asked Mother, HIS client if she wanted him to do so. Jaskowiak NEVER consulted Mother on anything, but was filing and replying to court matters by stating "In behalf of Jane Herring". To my knowledge, jaskowiak only saw Mother 2x in 3 years. I served several months total in prison for those 2 contempt charges. I could have been raped or murdered. Would Jaskowiak or any of the other mafia members cared if now Mother did not have her son just because the mafia wanted to protect at least one of their guardianship scams? Weilheimer also demanded I pay jaskowiak about \$5,000 for each of jaskowiak's 2 contempt charges as his "time" making them? Jaskowiak always used the court as a weapon for his own financial benefit. That is called lawfare and is not allowed by any honest judge. But, Weilheimer allowed it for her "team". In early 2024, jaskowiak filed another contempt of court charge on me, this time with judge Sterling who took over for Weilheimer because Weilheimer became a U.S district judge after Shapiro nominated her to Biden and Biden appointed her. Jaskowiak's only "witness" in his 3rd contempt of court charge to me was Mary Ellen. Mary Ellen was the second "monitor" the pam blumer/mafia hired to make up lies in her reports about me when I had a visit with Mother. Those lies by 2 different "monitors" were used to deny/severely restrict visits with Mother. But both Weilheimer and Sterling REFUSED to allow me to have a cell phone to record my visits to protect myself from the monitor's lies. But, I proved at that trial jaskowiak's "witness", mary Ellen, lied and he knew it. Mary Ellen was one of the 2 "monitors" pam blumer hired to sit with Mother and I because never named persons claimed I said things I was not allowed to say with Mother by Weilheimer's court orders. Those Orders included I could never tell Mother the mafia was stealing money from her, that they had put me into prison and they had evicted me from Mother's home. The fact was, people in guardianships still have rights and could decide what they wanted and their guardians had to carry out their wishes and wants. There was NO penalty against jaskowiak for him and his witness lying about what they claimed I had done. No surprise.

On April 27 2024, jaskowiak had me arrested for protesting, on a public sidewalk, in silence in front of jaskowiak's house exposing his involvement in the scam on Mother. Jaskowiak lives in Bucks county. Both the dirty cop, Komatick, and jaskowiak lied in the cops affidavit just to put me into prison. They both lied in 2 different courts under oath. I served almost 1.5 years for a legal protest. Jaskowiak used his connections to get Bucks county DA to make my legal protest into 2 counts of harassment. While protesting, I made a 2 hour video of my protest and it is posted on my other news website: janeherring.net. Jaskowiak bragged in a video for lawyers in October 2019 he threatens people with contempt of court charges in cases to make money, to put people into prison and to force the other side to do what HE wants. That is again called lawfare.

Dwayne Logie is a very close friend of jaskowiak and jaskowiak nominated Logie to be both guardian of person and estate on August 6 2021. Jaskowiak has nominated Logie many times to be a guardian.. Weilheimer appointed logie after Weilheimer decided Mother was "100% incapacitated" on August 6 2021. Weilheimer's "claim" was based ONLY on psychologist Ledakis "evaluation" that he cannot prove he ever gave Mother any of his "tests" he claims proved Mother was "100 % incapacitated". I knew Mother best of anyone because I had been living at her house for 2 years. BUT, this mafia refused to let me testify at the petition hearing because I would over rule what Ledakis had claimed about Mother. After logie was appointed guardian of person and estate by Weilheimer, Logie then hired lawyer diane Zabowski to be his lawyer and Logie also hired a so called "care manager", Deb Klock, as his assistant. Klock has a long history of stealing and over drugging her victims. Klock is not a certified guardian. Klock's website says a care manager does the

same thing as a guardian of person. So why did Logie hire Klock if he and Klock both did the same things? Both Klock and Zabowski billed Mother their time. NONE of any of those (guardians) appointed by Weilheimer or Sterling had the power to hire, buy, spend what they wanted on anything or hire anybody they wanted, THEN charge Mother for that. Those people only hired by the guardians, NOT appointed by a judge, could NOT pay themselves what they wanted and NONE could charge Mother for their gas, travel time, lunches, lawyers, etc. BUT, they DID! Klock stayed on until Mother was killed/died. The guardians had a business and THEY were responsible for any of the expenses in their business, NOT Mother.

Weilheimer appointed Pam Blumer as guardian of person after Logie quit in May 2022 because I was exposing him for his corruption and his gross incompetence taking care of Mother. I do not know if Logie or Klock ever saw Mother at the nursing home. Pam lied when she was hired because she claimed she was a certified guardian. She was not and still is NOT today. As soon as Pam was hired, Pam hired her husband Bill as her lawyer. She could not do that, but she did. Pam also kept Klock on, even though Pam was the new guardian of person. Bill then hired about 4 or so lawyers from his law firm, including Thad Gelsinger. Bill could not do that, but he did anyway. Both Pam and Bill are good friends of Jaskowiak. All of those many lawyers kept racking up massive billing hours and charging them to Mother.

Weilheimer appointed Ronald Fenstermacher as guardian of estate after Logie quit in May 2022. Fenstermacher was never a certified guardian of estate and still is not today. He has been very close friends with Jsh for many, many years. Several times Jsh and Fenstermacher tried to steal money from Mother in various ways, including a non court type guardianship. I always stopped those attempts and told Mother about them. About late 2020, Mother fired Fenstermacher because of his attempts to steal from her and that the various documents of Mother's Will, Trust and other documents had serious problems in them that Fenstermacher never corrected. Those problems were found by another law firm. Also, in late 2020, Mother fired her long time CPA firm because she just did not like them anymore and decided to use my CPA for preparing taxes. Jsh kept trying to bully Mother into letting her (Jsh) to do Mother's taxes for unknown reasons. The fact was, Jsh was not doing Mother's taxes, she was taking the documents to Mother's former tax preparer. Why was Jsh so obsessed on doing Mother's taxes now?

Before Fenstermacher was guardian of estate to Mother, he was Trustee to Mother's vast trust assets. Fenstermacher had a fiduciary duty to protect Mother's assets from waste and fraud by people in the mafia from the very beginning of the guardian scam. He never did. Fenstermacher allowed those in the scam to spend anything they wanted, thus constantly wasting Mother's money and that future money that would go to the heirs when Mother died: Jsh and me. Fenstermacher's job as guardian of estate and still Trustee was still to protect Mother's assets and that money that would go to the heirs when Mother died, her children. But, in court in about 2023, Fenstermacher admitted, by my questioning, he thought his only job as guardian of estate was to sign the checks to pay the invoices of the others and not worry about waste and fraud of those invoices. He also admitted, by my questioning, that he had not seen or talked to Mother for about 3.5 years. This included his time so far as guardian of estate of about 1.5 years. But, he was making decisions for Mother, HIS client, without ever talking to her as her lawyer as guardian of estate. Those decisions included evicting me from Mother's house WITHOUT her knowledge or consent, denying me Mother's gift money each year of \$14,000, allowing people to be paid who should not have been and not watching how Mother's money was being wasted by others as he was paying them. The PA Rules of Conduct for lawyers demand lawyers talk to their clients on a regular basis and do what their client want or quit. The same rule applies to guardians. Neither the guardians or the lawyers basically ever consulted with Mother, especially Jaskowiak. Why? About 23 years ago, when Fenstermacher made Mother/father's Will. Trust, etc, Fenstermacher had named himself as the Executor of Mother's and Father's Will and was the Trustee of Mother's Trust when Mother was guardianized in August 2021. Fenstermacher lost maybe about \$500,000 of Mother's assets because of his

gross neglect and carelessness, in which about 50% of that was part of my inheritance. Now as Executor, Fenstermacher has stated he will give another \$150,000 from Mother's estate to pay off several of the people who claim they are still owed more money: pam blumer, jaskowiak and bill blumer's law firm. I am fighting that with my lawyer. Beginning in January 2026, I hired my own lawyer to deal with the probate involving my inheritance. We have found a massive amount of waste and fraud in Fenstermachers final accounting report. We will be demanding total repayment of that waste and fraud and for the removal of Fenstermacher as Executor. We will also be demanding criminal charges for all of those people involved in the scam on Mother. I was the ONLY one who was constantly fighting to save Mother money from being wasted. Nobody else was. Why? Every time I sent emails of problems or filed petitions to force action on a problem, the mafia lawyers used them only to make more billing hours to steal more money from Mother. The mafia NEVER fixed any problems.

Cynthia Ellis was the last guardian of person to Mother for Mother's last 6 months of life. Ellis also was never a certified guardian. She was picked by jaskowiak. Why would he hire someone untrained and not certified to be taking care of a very elderly woman, almost 99?

Camp wrote jsh's petition for guardianship. Camp knew guardianship law, as did Weilheimer and Jaskowiak. But, Camp did NOT have the required information by state law in her petition. For example, Camp NEVER gave one example of any kind, in jsh/camp's petition, that Mother had any problems that she needed a guardian of person or estate. Pennsylvania law demands the LEAST restrictive measures BEFORE guardianship. The law also demands that at least one measure was tried to fix a problem of the AIP before guardianship is used. How could Camp put such a problem in her petition when there was NEVER any problem cited that Mother had? Also, Camp NEVER brought in any of the professionals Mother dealt with every year (primary doctor 21 years, other doctors, dentist, investment people, house keeper, same hairdresser of 16 years, CPA, etc.) that could have said if Mother had any problems. Therefore, both Weilheimer and/or jaskowiak should have demanded the petition be denied. Neither did so. Why? Jaskowiak's job was to defend, protect and advocate for Mother while she was alive, especially in this petition hearing. But, he NEVER did and only cared about what was best for the mafia, which included himself, for financial gain at Mother's expense.

On August 25 2021, after Mother had been declared "100% incapacitated" by the quack Ledakis, Jsh and Logie kidnapped Mother from her house. I heard Mother yelling and crying she did not want to go with them. Logie had contacted the local police to hold me on the porch while jsh and Logie kidnapped Mother. Jsh was keeping Mother at jsh's house. Jsh began to drug Mother to shut her up and it seems jsh was also starving Mother. Jsh always refused to let Mother go home or even call me. Jsh threatened me with arrest if I went to Jsh's house to see Mother. I called the police for a wellness check that night, but the police never talked to Mother. Two days later, Weilheimer threatened me with contempt of court and prison if I ever called for another wellness check. WTF? I did not know what was happening and I called for a wellness check out of the love I had for Mother. Two days after Mother was kidnapped, jsh dropped Mother off at Mother's hairdresser of 16 years, Natalee. That afternoon, I saw Natalee and she told me Mother was shaking and crying saying "I want to go home, I want to go home". Mother was never allowed to go back to that hairdresser. After about 9 days at jsh's house, Mother fell unconscious. Logie told me it was a hot day and Mother passed out from dehydration. LIE. It was NOT a hot day and I found out Mother passed out from jsh not feeding Mother out of her hate for Mother. Mother had to be taken to the hospital, unconscious, by ambulance, confined to bed for 6 weeks and treated for starvation because of jsh, Mother had to get daily blood tests (42 times) and her arms were black and blue from those blood tests. Mother had to get daily needles in the stomach to prevent blood clots (42 times). A 96 year old woman had to get painful needles in her stomach 42 times because her daughter was starving her? WTF? No punishment was ever given to jsh by the mafia. No surprise. WTF? While Mother was in the hospital, she got covid where she could have died. Neither Logie, jsh or klock knew Mother

did not have her glasses to read in the hospital. I bought Mother glasses so could read. None of them knew Mother was not eating her hospital food because her food was always cold. I made sure her food was hot. I always brought Mother home food to eat, things to read, roses and anything else to make Mother happy. After Mother left the hospital, Logie dumped Mother at a low rated nursing home, Manatawny Manor near Pottstown. It had just reopened after being closed to outsiders because of a massive covid outbreak. Studies showed about 39% of the people that died from covid, died in nursing homes. Mother would get covid again two more times and could have died. Why didn't logie, later pam blumer or Ellis take Mother (96-99) back home where there was NOT covid? WTF?

This mafia, as done nationwide by other corrupt guardians, makes up lies about people who criticize the guardians because the guardians are not caring about the AIP's they own and those AIP's health, financial honesty, wellbeing and happiness while under the guardians ownership. It is called "demonizing" those family members and is used by the corrupt guardians to severely restrict/deny visits. This mafia did the same thing to me. They claimed never named people said I was "agitating" Mother during my visits. But, they never asked Mother, who loved me and trusted me beyond words and told everyone she did. But, neither judges weilheimer or sterling, NONE of those lawyers and none of the guardians remembered in the US a person is presumed innocent until proven guilty in a court of law and that person has the right to face their accusers. In September 2023, I filed a emergency petition for the mafia to prove I was a menace or danger to Mother. Jaskowiak, guardians and lawyers begged Sterling to deny my petition because they had no evidence against me of agitating Mother. Sterling denied my petition forever.

About Spring 2023, Weilheier sent me a letter (enclosed). She claimed she was having the county IT person, Olivieri, block my email to her office because I had contacted her office because and asked a few questions about procedure. I was pro se. But, weilheimer lied. Olivieri sent her office and me (by accident) his email saying he did what Weilheimer told him to do and block my email address to ALL county agencies, including the DA office, sheriff and Board of Commissioners. Weilheimer does not have the power or authority to do what she did. Weilheimer was trying to stop me from using those agencies to help my Mother get back home and out of the claws of the mafia. To this day, my email is still blocked to them.

In about fall of 2023, I filed an emergency petition with Sterling for Olivieri to unblock my email address to those agencies. Sterling claimed she needed the NAMES of those people I was dealing with. BS. Olivieri did NOT have those names when he blocked me. Anything Olivieri did, he could undue. Sterling refused to have my email unblocked.

A recent case where guardianship corruption was prosecuted and the person was convicted was the case in Delaware County of Gloria Byers in December 2023. Byers was a guardian of about 105 people and stole about \$1 million from them. The DA, DOJ, FBI and IRS prosecuted Byers. Byers dropped dead days before sentencing.

Out of a possible 24,700 hours I could have spent with Mother in a normal relationship without guardianship, from August 6 2021 when Mother was kidnapped by Jsh and Logie to July 2 2024 when Mother was killed/died, based on 16 hour days (24 hours-8 hours sleeping= 16), the mafia allowed Mother and I only 224 hours. ONLY 224 hours out of 24,700 hours for a woman 96-99 years old. Many of those hours, Mother and I were being watched and listened to by those "monitors (paid liars) of pam blumer/mafia. Those monitors were paid by either Mother (without Mother knowing it) or myself. If I did not or could not pay (I was on welfare and living in my car after being evicted from Mother's house, without Mother knowing it by jaskowiak and Fenstermacher), then I could not visit Mother.

Ms. Kull, I need to have the DA's office open a criminal case, involving many criminal charges that are obvious in my letter, because of the barbaric and inhumane guardian scam on my late Mother. In addition, by

getting the client lists of those people named in this letter, probably about 1,000 families will be found where those same crimes to my Mother also happened to their loved ones.

Sincerely,

Arthur Herring III

RE: Jane Herring
Orphans Court #2021-X2110

Dear Mr. Herring:

I have mentioned to you numerous times during court proceedings, in correspondence and in Orders that the Court will not proceed with litigation by correspondence, and directed that you must file a petition, if you want the Court to take action. Despite this repeated directive, you have not filed any petitions requesting court action. You instead repeatedly send my assistant emails. As the number of emails and the demands of your emails has become harassing, you are prohibited from contacting the Court via email. As of today, the County IT department will be blocking delivery of your emails to any member of my staff. Nothing precludes you from filing a petition with Orphans' Court if you are requesting action by the Court.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gail Weilheimer', with a long horizontal line extending to the right.
