

**MORE HARRASSMENT BY CORRUPT MONTGOMERY COUNTY FOR EXPOSING
GUARDIANSHIP CORRUPTION BY THEM**

About mid 2023, as I was just entering the courthouse to file documents and to get the latest filings, I was stopped by the sherriff guards. They told me there was a BOLO on me (Be on LookOut). I had to leave. I contacted Robinson, building security, and he told me I had been in several weeks earlier to see the county IT, Olivieri, and I caused a big disturbance and had to be escorted out. Lie. I had not been in the building for about several weeks.

For the next 5 times or so that I went to the register of wiils to get or file documents, a sheriif deputy escorted me to the office and took me to the door to leave. Then, it stopped. I contacted robbins of why the escorts stopped but he never returned my calls. I contacted the sheriif to complain. No action was ever taken by them for the lies they had told about me.

Chief Berry,

Because I have been falsely accused of doing something that requires me to have a law enforcement escort whenever I am in the courthouse and court annex, I wanted you to know the FULL story of this current matter so no more harassment or worse happens. I am attaching my detailed narrative that I have been making since Weilheimer's scam started in May 2021 on my very much loved Person.

I will not accept any more lies about me and any more fake reports of any supposed claimed actions by me. Such lies about me may have legal consequences and may also include media exposure.

The claim, by Robbins, that I was supposed to have been escorted from the building because it was claimed by so far an unknown person that I did something, is a total lie. It never happened.

This and other lies that have been made against me are only retaliations and punishments by Weilheimer because I have been exposing the scam of guardianship corruption by her, in her court and by other judges for the past 2 years. I have been exposing the guardianship scam on the internet and on the radio. Those fake guardianships are only a scam on the elderly to get their money and their homes. My website, about guardianship corruption nationwide, is www.protectmyparents.us.
