

DA STEELES THREATENING DETECTIVE

On march 29 2023, sent a letter to a friend telling them about a incident I had with a Montgomery county detective: kelly. I had demanded again they open up a criminal investigation on my Mother's fake and corrupt guardianship by various people, including a corrupt judge, weilheimer. I had done that before and the detectives refused to do so. One of them kept asking me: "Did I like prison, did I like prison"? He was referring to jasko rat putting me into prison twice for exposing the scam on Mother.

Det. Kelly reversed the situation to threaten me with criminal charges of wiretapping, claiming I videotaped Mother without the permission of the guardians or jaskowiak. Another detective shade, had also made threats against me to push me away from exposing their friends of judges and others as being crooks. No charges were ever brought against me for that wiretapping. I was hitting nerves by pushing for a criminal investigation of those people.

Re: nursing home

So, is there a court order requiring you to pay money in advance to send your mother flowers and newspapers?

Will your picket sign state the court is charging you money to visit your mother?

Hi.

Also, detective Kelly (DA detectives) threatened me several months ago with a criminal charge of wiretapping because I wanted to file a complaint against the detective who retired and closed the case after only 3 weeks, who I had talked to for 2 hours and gave him many documents. He claimed somebody said I was taking pictures of mother without getting permission from her guardian. They never showed any evidence of that. They do not want pictures of mother taken because it is called evidence to use against them at some point.

The racket is vicious. Tomorrow I picket again with a new sign, again naming judge weilheimer and others taking bribes and kickbacks.

I hope mother got the flowers, newspapers, vase and the letter I wrote to her by the visitor I had given it to outside. I do not know how they found out I brought them. That place is filled with haters of me, especially the black ghetto staff in mother's section who had been paid to spy on us and listen in on the phone calls I used to have with her by the guardians Logie and Blumer.
