

BUCKS COUNTY HERALD LIES

From the beginning of the guardianship fraud on Mother and my false arrest by the dirty cop komatick and jack ass jaskowiak, I tried many times to get the news director and the publisher of the that extremely liberal and biased paper to do stories about the corrupt New Britain police and its corrupt chief clowser. Both the news director and the publisher refused to do any stories. In September 2026, the following ad by the paper was published. It wants people to believe the paper believes in the Constitution and freedom of the press. Bull shit!

Why is this liberal rag keeping the news of a corrupt police chief, a dirty cop, a corrupt lawyer, a corrupt board of supervisors and a corrupt township manager a secret?

CONSTITUTION WEEK • SEPTEMBER 17-23

*"Congress shall make no law ...
abridging the freedom of speech, or of the press."*

—FIRST AMENDMENT TO THE U.S. CONSTITUTION

Our founders enshrined freedom of the press in the Constitution because they knew self-government depends on an informed public and accountability for those in power.

Like generations of newspapers before us, the Herald upholds that tradition—asking questions, reporting facts and keeping our community informed.

This Constitution Week, help us carry it forward.

Because democracy depends on all of us.
