

September 21 2026

Ms. Gwen Kull
Ast. District Attorney
Montgomery County, Pennsylvania

Dear Ast. DA Kull,

On August 18 2026, I sent you a very long, detailed letter and documents (enclosed) about the massive guardianship corruption fraud on my late Mother, Jane Herring (age 96-99) and the 2 corrupt judges who seemed to be in charge of the guardian fraud on Mother. You never responded to my letter. Go to my news website janeherring.net to see the documents, transcripts, court documents, pictures, emails, videos, etc, proving the guardianship fraud on Mother.

During the fraud, the first corrupt judge had the county IT person block my email address (documents enclosed) to all county agencies, board of commissioners, DA and the sheriff department to stop me from using them to help my Mother get back home from the pig pen "nursing home" she was forced to live in for 3 years until her killing/death at 99 on July 2 2024. Mother was kept locked in solitary confinement, in a psycho type section, with people with mental and behavior problems, in a sensory deprived environment and basically denied from seeing me as a punishment to me for constantly exposing the fraud on Mother.

I am contacting you again because you are the Captain of the Economic Crimes Unit of the DA's office. You are involved with economic/financial crime cases. DA Steele had refused to open a case on Mother's guardianship fraud and on many, many other victim's frauds by their families because Steele claims they are civil matters, not criminal. That is a total lie. You know the crimes codes about the federal laws of the ADA, Olmsted Act, financial exploitation of the elderly, elder neglect, elder abuse, etc and the many other crimes that were committed on Mother by this mafia and on me. In 2008, Montgomery County created a public corruption unit to deal with corruption of public officials. Why did it not get involved?

Briefly, Mother was 96 in May 2021 when my older sister (70) hired a lawyer who knew guardianship laws. The lawyer filed a petition for guardianship for the sister to be both guardian of person and estate only so sister could get total control of Mother's vast assets and her life. Sister had always hated her Mother and me during her life for no reason. The sister dropped out to be both guardians because I was going to expose her and another lawyer of past attempts to steal money from Mother. I always stopped those attempts. But, my sister stayed very much involved with those involved during the entire fraud until Mother was finally killed/died by morphine on July 2 2024. She was kept unconscious and died a extremely slow, painful, barbaric and inhumane death by starvation and dehydration.

Mother had NO financial, NO medical and NO mental problems. Mother owned her huge 3 bedroom, 3 bath house in a gated community for 22 years. Mother was still driving her

car safely at 96. She was never accused of having any mental or behavior problems. Mother did not use a walker, no cane, no wheelchair, no diapers, no false teeth. She only took a tiny dose for cholesterol each day, NO other pills. Mother and I always had a very close and loving relationship together all of our lives.

Mother was a victim of a very disgusting guardianship fraud by a group of people who I have called a "guardian mafia". This guardian mafia consisted of several corrupt judges, corrupt guardians, corrupt lawyers, a corrupt psychologist, a corrupt "care manager" and my sister. Mother was denied to be in court then or ever to speak for herself. The law said she had a right to be in court at any time. Mother had a court appointed lawyer within only 3 days after the fake petition was filed. But, the sister's lawyer did not send the petition to Mother/me until a week later. Mother had the vast assets to hire her own lawyer, but the corrupt judge and lawyer to Mother refused to leave. They did not want to lose control of Mother's vast assets.

NO problems were given in sister's petition as the law demands for a guardianship. The sister/lawyer never brought anyone into court that Mother dealt with every year, to say she had any problems during the 2 day petition hearing, Those people would have included Mother's primary doctor of 22 years, her dentist, urologist, eye doctor, dermatologist, house keeper, hair dresser of 16 years, CPA or the same investment people of my parents assets for 22 years. The only "evidence" this mafia used was a corrupt psychologist the court would hire and use many times to lie for them. But, I got him to admit during the petition hearing his "tests" he claimed "proved" Mother was "100% incapacitated" had NO independent proof of accuracy, his written "evaluation" of Mother had NO independent proof of accuracy and he never recorded audio or video of Mother during his meeting with her to prove what she said or did not say and how she said it. This quack had NO proof he ever gave Mother any type of examination. The quack charged many thousands of dollars for his "examination" and other "evaluations" the mafia hired him to do. For her entire 3 years as a prisoner, the mafia always refused to let Mother come to court to speak. The law said she had a right to be in court. The quack even said she would not have any problems being in court, she could stay at home because everything was fine there and Mother had no problems with daily activities. After my father died in 2013, I was with Mother every day, for about 6-7 hours per day for dinner and later watching movies. Mother had a spare bedroom and bathroom if she ever needed any day care worker to take care of her. At Mother's request, because we were so close, I moved into Mother's house in another bedroom and bath and was living there for almost 2 years when the petition was filed. I knew Mother and her abilities far better than the quack who only spent 2 hours with Mother for his "examination".

This mafia hired many of their friends and charged Mother for their massive billing hours. The 2 guardians had NO laws or rules that allowed them to hire anyone they wanted and charge whatever they wanted to Mother. This includes the many lawyers they hired when the lawyers were never needed. For 3 years, I filed many petitions because I kept finding many

problems affecting Mother's health, welfare, finances and her happiness that were being ignored by this mafia. ALL petitions and requests were denied by the 2 corrupt judges on Mother's case. From the beginning, severely restricting/denying their 1 hour visits with Mother were used for punishment by the mafia for constantly exposing the fraud in various ways. Based on 24 hour days, less 8 hours for sleeping, based on 16 hours per day I could have been with Mother from August 25 2021 (when she was kidnapped from her house by sister and first guardian of person and estate Logie) to when Mother was killed/died on July 2 2024, out of a possible 24,700 hours Mother and I could have been together, the mafia only allowed Mother and I about 225 hours together. Most of that time the mafia had hired monitors, billed to Mother/me, to watch me with Mother. Without any proof, the mafia claimed I was a danger to Mother because I kept exposing their fraud in various ways. Mother's lawyer even put me in prison twice for exposing their fraud. That same lawyer put me into prison 3 more times on a false arrest. The mafia refused to ask Mother if I ever did or said anything harmful to Mother, refused to have a trial to prove it (due process ignored) and refused to use a cell phone to record our visits to prove if I ever did say or do anything to Mother, but also for MY proof I never did.

How was this fraud any type of guardianship for Mother, especially since she did NOT have any problems to start with? The fact is, there is NO limit nationwide on how many victims (clients) a guardian of person and/or estate can have. They can have 10, 50 or 5,000 just to make a bigger paycheck for themselves while ignoring their obligations to their victims. The same group of people in Mother's mafia, by my estimate, their victims could be about 1,000, past and present. That would mean tens of millions of dollars stolen from the victims and later from their families as inheritance.

I need the DA to finally open a case of fraud and other crimes on those in the mafia who owned Mother, stole her money, stole her life and stole her happiness. I have so much evidence to prove it was only a fraud.

Sincerely,

Arthur herring III

RE: Jane Herring
Orphans' Court #2021-X2110

Dear Mr. Herring:

I have mentioned to you numerous times during court proceedings, in correspondence and in Orders that the Court will not proceed with litigation by correspondence, and directed that you must file a petition. If you want the Court to take action. Despite this repeated directive, you have not filed any petitions requesting court action. You instead repeatedly send my assistant emails. As the number of emails and the demands of your emails has become harassing, you are prohibited from contacting the Court via email. As of today, the County IT department will be blocking delivery of your emails to any member of my staff. Nothing precludes you from filing a petition with Orphans' Court if you are requesting action by the Court.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gail Weilheimer', with a long horizontal line extending to the right.
