

PHILADELPHIA INQUIRER'S "INVESTIGATIVE REPORTERS" REFUSE TO RESPOND TO
MY SEVERAL EMAILS ABOUT GUARDIAN CORRUPTION

They refused to respond and do any stories about the corrupt judges, guardians, lawyers and others involved in the fraud of guardianship because a former corrupt judge, Gail Weilheimer, because her husband is Larry Weilheimer is VP and chief legal counsel of the Inquirer. He has killed many stories by reporters who wanted to do stories about the corruption for years because it would expose his wife as a corrupt judge.

guardianship corruption

Dear Inquirer Investigative Reporters

I had contacted all of you listed above, twice this summer, about massive guardianship corruption in Pennsylvania and nationwide for decades. In your case, your VP and chief legal counsel, Larry Weilheimer, has refused to allow any Inquirer reporters to do stories about the corruption in Orphans court in Montgomery County because his wife, Gail Weilheimer, was one of those corrupt judges in Orphans court for many years. Since the Summer of 2023, Gail Weilheimer has been a U.S. District court judge in Philadelphia. She was appointed by Biden, nominated by Josh Shapiro, whose wife Lorie Shapiro is best friends with Gail Weilheimer.

My emails to all of you are posted on my massive news website www.janeherring.net. I had explained in my emails to you how my late Mother, Jane Herring and others, had been victimized by guardianship corruption in Montgomery

county Orphans courts. In Montgomery County Orphans court, the corruption includes many corrupt judges, corrupt guardians, corrupt lawyers, corrupt psychologists, etc, who steal massive amounts of money from the elderly who are claimed to be "incapacitated". Both DA steele and the local FBI have refused to open cases on my Mother and many other victims. They claim the cases are civil, not criminal. BS!. Look up the case of Gloria Byers in Delaware county in 2023.

My news website has massive amount of documents, court documents, pictures, emails, video's, etc, proving the guardianship fraud on my late Mother was only for Mother's vast assets by gail weilheimer and others in their "guardian mafia".

How can all of you claim to be investigative reporters when you ignore such a massive guardianship fraud and corruption by so many high level people on so many elderly people? Do you believe in freedom of the press or do you only believe in your job and its paycheck?

Subject: guardianship corruption

Mr. Vella,

I am contacting you to ask you to do a story about guardianship corruption on my late Mother that happened in the Montgomery County court. That court has a long history of corruption in the orphans court that deals with guardianships.

I have created a massive news website with documents, court documents, emails, pictures and video's proving the fake guardianship on my Mother, starting when she was 96 to 99 when she was killed/died by morphine. She was kept unconscious by this "guardian mafia" and died a very long, slow painful death of dehydration and starvation. She was caged in a low rated nursing home, kept in solitary confinement, in a tiny room, in a sensory deprived environment, no phone, no TV, no friends allowed and never allowed outside. She was kept in a locked section with people with serious mental and behavior problems. Because of my constant exposure of the scam, my visits were basically denied based on made up lies by the mafia as a punishment. Many, many other people and families have been victim of those same people in this guardian mafia.

Her fake guardianship was only for her assets of about \$2 million. This mafia

consisted of two corrupt judges, corrupt guardians, many corrupt lawyers, a corrupt "care manager", a corrupt psychologist and my sister, then 70. My Mother had NO financial, no medical, no mental and no personal problems.

My news website with the information is www.janeherring.net

sincerely,

Arthur herring III
