

Judge sterling's lawyer assistant tells my lawyer not to show me documents

About late December 2025, I retained a lawyer to protect me and my inheritance from people in the mafia, including former corrupt guardian of estate and now Executor of Mother's estate, Fenstermacher. Fenstermacher was deeply involved in the corruption and looting of Mother's money by the guardian mafia while she was alive and being kept in a low rated nursing home, in solitary confinement for no reason. Fenstermacher is still helping the mafia get as much money as they want from Mother's estate and depriving me of my inheritance.

Sterling's lawyer assistant, Bookler. She and I had many verbal exchanges in court hearings. She clearly was also involved, like Sterling, with the guardian mafia. Bookler would always sit next to me during court and make snotty remarks to me when ever I spoke up since I was pro se.

On May 6 2026, Bookler told my lawyer that any documents that were sent to me, he could not show them to me, his client. That is not allowed since a lawyer is obligated to be open at all times with his client in a case. My lawyer refused to do so.

Look at all of the people in the mafia Bookler cc'd to make sure they knew how Sterling was trying to interfere on behalf of the mafia to help them get more money from Mother's estate.

Such corruption!

RE: In re - Jane T. Herring, Trust Settlor; 2025-X5190

Dear Judge Stirling:

As a follow up to the April 1, 2026 conference in the above matter, I requested access to the docket related to the Settlor's guardianship proceedings. On May 6th, Ms. Bookler emailed me to inform me that the files would be made available to me if I provided the Court with a letter confirming that I would not be "sharing these files with Mr. Herring and that they will be used solely by you to assist with your representation of him in his mother's estate matter."

As I understand my responsibility under the Rules of Professional Conduct, 1.4, I don't know that I can make that pledge since its my duty to provide information to my client to allow for him to make fully informed decisions as it relates to my representation of him. I can pledge that I would not provide him with a copy of these documents but unless ordered by the Court pursuant to a protective order I would not be able to strictly adhere to the Court's request.

Sincerely,

/s/ Gerald R. Clarke

Thank you Wendy. Would I be able to come in and review (pending the letter) and then ask for copies of selected files? I certainly wouldn't need the entire file and would not want to burden the court with this but there may be information in there that could be helpful to the matter at hand.

Dear Mr. Clarke - Judge Sterling is willing to permit you access to the guardianship file for Jane Herring as you requested. However, before we ask the Register of Wills to make that file available to you, Judge Sterling would like a letter from you to the Court confirming that you will not be sharing these files with Mr. Herring and that they will be used solely by you to assist with your representation of him in his mother's estate matter. Once we have received that letter, you will have the option of viewing the

you. Please advise at the time you send your letter.

Thanks for your cooperation. Please feel free to reach out if you have any questions. Best, Wendy
