

CORRUPT JUDGE WEILHEIMER DEMANDS ARTHUR GET A PSYCHOLOGICAL EVALUATION

In a order by corrupt judge gail on April 11 2023, she demands I have a psychological evaluation to "prove" I can be trusted in my visits with Mother. BS!

This is another fraud by the guardian mafia for the sole purpose blame me for something to deflect the attention of their criminal activities and the gross neglect and care of those people the mafia has become owners of under the fraud of guardianship.

This guardian mafia, composed of many lawyers, made up lies about me to punish me for constantly exposing their guardianship fraud on Mother only for Mother's vast assets. They then used those lies so they could use visits as a weapon by severely restricting and denying my visits with Mother.

Those same shisters, including corrupt gail and corrupt judge sterling REFUSED to obey my constitutional rights of being presumed innocent until proven guilty in a court of law and my right to face my accusers. Those never named accusers claimed my visits with Mother caused her to always be agitated. BS!. Mother and I always had a extremely close and loving relationship. The mafia REFUSED to have a trial for the mafia to PROVE their sick accusations. In September 2023, I filed a emergency petition for the mafia to prove I was causing Mother to be agitated. ALL of the lawyers begged the new corrupt judge sterling to DENY (WTF?) my petition. They used BS that had no logic or common sense. Of course, the mafia always sticks together and sterling denied my petition. The guardian mafia continued to severely restrict my visits with my Mother and continued to use their paid liars (monitors) that I had to pay for if I wanted to visit Mother for those lousy one hour visits, usually only once or twice a month until they killed Mother by keeping her unconscious with morphine. Mother died a extremely slow, painful, barbaric and inhumane death by dehydration and starvation .
