

JSH'S VERY POOR WORK HISTORY

When fake daughter jsh filed her fake petition for guardianship on Mother in May 2021, jsh had to include her work history. Except for two companies she worked for about 7 years each, the rest of the many places jsh worked at from 1973 to about 2022 were only for about one year. The resume jsh submitted has many errors.

What were jsh's problems for working for such a short time at so many places?
